Duration of alert		☒Stays on screen till actioned ☐Ends after: ☐Repeats until action: ☐Other	
What happens if alert not actioned?		☒Nothing ☐Repeat reminder ☐Alert sent to third party ☐Can be viewed remotely by third party	

Alerts: Creating and Editing			
Alert Available	☒		
Creating the Alert		☐Automatic/default details ☐Automatic/user defined details ☒Manual	 *Creating alert*
Creating: How is information entered?		☐Text field – create text ☒Select text ☐Audio recording ☐Capture/insert image ☐Select check box/radio button ☐Select icon/ other button ☐Scroll and select	
Creating: Who is it designed for or best suited to?		☒Person with brain injury ☒Carer/family using manual ☐Carer/family with training from specialised service ☐Therapist/AT consultant ☐Engineer/supplier	
Editing: Who is it designed for or best suited to?		☒Person with brain injury ☒Carer/family using manual ☐Carer/family with training from specialised service ☐Therapist/AT consultant ☐Engineer/supplier	
Ability to lock editing to prevent user from changing information	☐		
User Access To Information Across Multiple Devices			
Can information be created, edited or viewed on another device	☒	Method: ☐iCloud ☒Google Calendars ☒Airset ☒Other: other cloud-based calendars	
Synchronisation		☒Wirelessly	

of information between devices		☐By cable ☒Immediate: depends on synchronisation settings ☒Time Delay: depends on synchronisation settings ☒Automatic: depends on synchronisation settings ☐Manual - single step ☐Manual - multiple step	
Support Person Access to Information Across Multiple Devices			
Alert/task/event created remotely by support person	☒	Method: ☐iCloud ☒Google Calendars ☒Airset ☒Other: other cloud-based calendars ☒Share same account ID	
Alert/task/event edited remotely by support person	☒	Method: ☒iCloud ☒Google Calendars ☒Airset ☒Other: other cloud-based calendars ☐Share same account ID	
Alert/task/event monitored remotely by support person	☐	Method: ☐iCloud ☐Google Calendars ☐Airset ☐Other ☐Share same account ID	
Synchronisation of information between devices	☒	☒Wireless ☐Cable ☐Immediate ☐Time Delay ☒Automatic ☐Manual - single step ☐Manual - multiple step	
Back Up			
Data backup & restore	☒	☐SD Card in device ☒Internet cloud storage – e.g. iCloud, or other internet based calendar e.g. airset, Google calendar. ☐Wirelessly to another computer ☐Automated ☒Manual - iTunes ☐Additional software/hardware required:	
Access Methods and Features			
Touch screen	☒	Includes/requires: ☒Conductive pointers ☒Skin contact ☐Filter for accidental screen press ☒Press and hold ☒Single tap ☐Double tap ☒Multi touch gestures e.g. pinch to zoom- if using Zoom	

		☒Swype/Scrolling	
Onscreen keyboard	☒	☒Adjustable in size ☐Adjustable content ☐Adjustable colour ☒Word prediction ☒Swype ☒Speech to text	
Voice control for navigation	☐	☐Siri ☐Google ☐VLingo ☐Other	
Voice recording to create audio file	☐		
Speech recognition to dictate text	☒	☐Siri ☒Google: poor recognition accuracy, inadequate for reliable use. Will vary with microphone used. ☐VLingo ☐Other	
One hand	☒		
Spelling supports	☒	Type: word prediction	
Text-to-speech /screen reader	☒	Need to install Talkback App via Google play store	
Tactile buttons	☒	Home key	
Vibration on touch	☒		
Volume Control	☒	☐Volume of App can be adjusted independent of phone/music/media audio	
General			
Instructions and training		☐Written manual with adequate instruction ☐Written manual with inadequate instruction ☐Video instruction with adequate instruction ☐Video instruction with inadequate instruction ☒Support available online / email ☒Support available by phone ☐Instruction or help menu available in App ☐App contains link to Instruction or online Contact: Samsung Australia Tel: Call 1300 362 603 Website: http://www.samsung.com/au/support/main/supportMain.do?supportIaCode=10001 Live chat available.	
Requirements for operation if applicable		Data synchronisation may increase device battery use. Requires internet for synchronization, to invite participants from Contacts (they then receive an email) and to access location mapping.	
Performance /		☒High – tool worked 90-100 % of time	

Reliability		☐Moderate – tool worked 75-89 % of the time ☐Low – tool worked 0-74 % Tested on: ☐iPhone4 iOS v 5.1.1 ☐iPhone 3GS iOS v 5.1.1 ☐iPad2 iOS v 5.1.1 ☒Samsung Galaxy SII V2.3.3 ☐Sony STablet Android 3.2 OS ☐Windows Mobile	
One off costs RRP		N/A in-built in operating system. Not available for purchase	
Ongoing costs		☐SMS reminders ☐Mobile Internet Data or WiFi ☐In App purchases available: additional ringtones ☐In App purchases can be disabled : in device settings	
Manufacturer		Calendar comes built in to the Samsung mobile phone. Android design the operating system. Name: Samsung Australia Tel: 1300 362 603	
Distributor		Samsung Galaxy phones are available from most Australian telecommunication companies.
