In addition, there have been some questions forwarded to the MSOA regarding providing Timer, Stroke and Turn, Chief Finish Judge and Chief Timer clinics. As these are Level Two and Level One clinics the first step to obtaining these clinics is to contact the applicable Level 5 official. As most of you know each club or area in the province has a designated Level 5 development Official who is to coordinate the development of Level One and Level Two officials. The listing of those is provided below.
