## Great Home Rebate Program Guidelines

Texas Real Estate Commission guidelines require that both lender and seller approval is required for a rebate to be provided.

Rebate is only available where commission is 3%. Discounted commission transactions are not eligible for rebates.

Rebate requires an executed agreement between Brenda Renfrew and client. Agreement will allow Brenda Renfrew to use clients name and likeness in advertising and promotional material for the Great Home Rebate program.

Rebate is provided at closing and funding of real estate transaction.
