

## **Student Speech Space**

The Student Speech Space consists of the two cement walls and nearby cement cylindrical kiosk located in the grassy area between the Rec/IM, Porter, and Pray-Harrold Buildings. These areas are a creative space that Eastern Michigan University students may use to communicate upcoming events and other public messages.

Any Eastern Michigan University student may access the walls and the kiosk at any time, and may paint on either side of each cement wall, and on the kiosk. Painting any of these spaces does not guarantee that a message will remain for any amount of time.

Only Eastern Michigan University students may paint on the walls and the kiosk. Students may not paint any areas other than the walls or the kiosk, and should avoid spilling paint on the grass.
