Mykesha A. Robinson  
World Music Commission  
8383 Wilshire Blvd. Ste. 800  
Beverly Hills, CA 90211

Dear Ms. Robinson,

On behalf of the California Department of Developmental Services, I want to thank you and your entire organization for your interest and tremendous support of programs for persons with intellectual developmental disabilities in the Sacramento community.

Last December, men and women with special needs received unforgettable visits from the 2014 Miss Sacramento County and Miss California USA beauty representatives. The young women of your organization spoke about their goals in life and demonstrated exciting dance routines and special bonds of friendship were formed.

In addition, through your work with the World Music Commission, businesses and corporations generously donated evening gowns to several regional day programs for persons with intellectual and developmental disabilities. The highlight of the week was the participation of the young women in the Governor's Annual Tree lighting ceremony at the Capitol.

I commend your "Informed, Connected, Competitive and Sustainable" vision of empowering communities through the spirit of humanitarianism. On behalf of the Department, our 21 Regional Centers, and our community partners, thank you again for your organization's valuable contributions of friendship and evening gowns.

Sincerely,

A handwritten signature in cursive script, appearing to read "Nancy W. Lungren".

Nancy W. Lungren
