JUNIOR TEAM TENNIS: CREATE A USTA ACCOUNT

With the new TennisLink login changes, the parent or legal guardian of the child 13 years and younger will be responsible for creating their child's account. The parent or legal guardian will have to also create a USTA account and attest that they are the parent or legal guardian in order to create the account. For players 14 years or older the parent or player can create the account on tennislink themselves. To create a USTA account, please follow the steps below. If the player is 14 years or older the steps to link the guardian's account may be skipped.

Note: If your child already has an account, please reach out to Membership Services to get your child's account linked to your account. If you run into any issues while creating the account or logging in please reach out to them as well. Their phone number is 800-990-8782
