expanding your horizons NORTHERN COLORADO

"I was inspired by all the students who are dedicated to and love what they do."
– Karlie, 7th Grade

"This STEM conference has shown me that women can make a huge impact on the STEM world."
– Brealyn, 7th grade

"I think the stories of how people can use STEM to help the world and solve problems was the most inspiring."
– Brittany, 8th grade

Expanding Your Horizons is a national non-profit network that hosts one-day conferences to encourage young women to pursue science, technology, engineering and mathematics (STEM) careers. Through locally-organized EYH networks, the EYH program provides STEM role models and hands-on activities for middle school girls. The ultimate goal is to motivate girls to become innovative and creative thinkers ready to meet 21st century challenges!

"It (EYH) has taught me how to look at problems differently and how to solve problems differently."
– Nasra, 8th Grade

"I learned that there are so many jobs in the science field that you can go into…for pretty much any interest."
– Anika, 8th grade
