INSTRUCTIONS

1044/S001/S002/S005/S022 I (6X4-14X7) SOCCER GOAL

EASY SETUP & EASY TEARDOWN

1. 1a. Unwrap the net and place the double hinge on the ground with the net spread out away from you.

1b. Then set one leg down on the ground.

1c. Slowly telescope the legs up on one side of the frame until it locks.

NOTE: Don't pull past all the way out of frame.

1d. Repeat steps 1a-1c on opposite side.

PULL UP

IMPORTANT NOTE: Near the middle hinge bracket, there are two designed bends used to raise the frame off the ground for stability. These are NOT damages!

2.

2. Open up middle hinge bracket of the base frame until it locks on both sides.

NOTE: Per step 1 the center is designed to be raised & curved off the ground. Don't force the middle down!

NOTE: Step 1c will extend the back base to make it a rectangle. If you do NOT extend the back base it will look like this:

3.

3a. Lift side frame of net until the hinge locks and place on the ground.

3b. Repeat 3a on the opposite side of the base frame.

NOTE: All four hinges should be locked into place from steps 2 and 3.

PARTS LIST

- (1) NET
- (1) BASE FRAME
- (4) LOWER POLES
- (4) UPPER POLES
- (4) GROUND STAKES
- (1) BAG

4.

4a. Insert one of the lower fiberglass poles into the back of the frame.

4b. Then insert the upper fiberglass pole into the lower fiberglass pole.

4c. Repeat steps 4a-4b on opposite side's back pole.

NOTE: The back side of the frame is where the hinges meet and there is no red sleeve.

5.

5a. Then place the black loop around the front base post holder.

5b. Insert the upper pole into the lower fiberglass pole for the 2 remaining sets.

5c. Slip one net sleeve over one fiberglass pole set.

5d. Next insert it into either side of the front base.

5e. Repeat 5a-5d on opposite side.

6. LOAD

6a. Standing by the front of the net, on one side, slide sleeve up and hook the white loop on the net around the silver notch.

6b. Then repeat 6a on the opposite side with the second white front loop.

WARNING: In steps 6 & 7 don't stand in direction of the pole's load when bending. The pole may snap back and cause injury.

7. LOAD

7a. Stand on the outside of the frame by the back poles.

7b. While firmly holding the back pole and net, hook the white loop on the net around the silver notch.

7c. Then repeat steps 7a & 7b on the opposite side with the second white back loop.

TIP: Best used when weighing down net with PowerNet sandbags (not supplied).

WARNING:

- Use adult supervision and follow instructions when using and setting up the net.
- Frequent use and/or abuse will eventually strain the net and will cause breakage.
- Keep fingers away from hinges and joints.
- This is not a toy, do not climb or swing on net.
- Don't drag the net! Use two people to move.
