

# ACCELERATE2030: ACCESS TO CLEAN WATER AND SANITATION

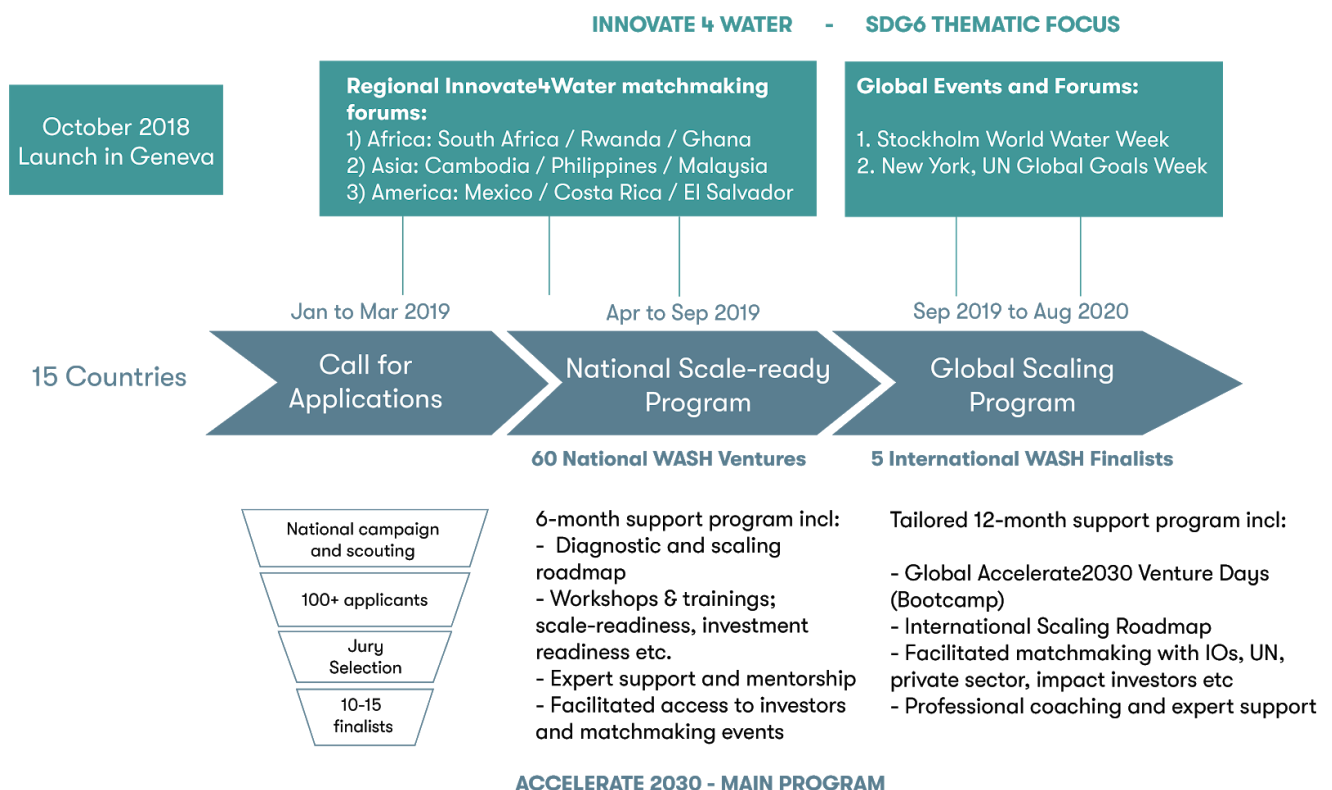

## Scaling innovative solutions for the achievement of SDG 6

The mission of **Accelerate2030: Access to Clean Water and Sanitation (WASH)** is to accelerate and scale the implementation of innovative solutions by high-impact entrepreneurs that contribute to the achievement of SDG 6, ensuring availability and sustainable management of water and sanitation for all by 2030. Over 2019-2020, the program will be implemented in Africa, Latin America and Asia, building on key developments and activities by partner organisations in the regions.

The objectives of the program are:

- Identify and support the scaling of high-impact and scale-ready solutions by WASH entrepreneurs
- Facilitate connections to catalyse collaborations and partnerships that accelerate the scaling of solutions towards SDG 6.
- Strengthen the capacity of SME support ecosystem in the water and sanitation sector in developing and emerging markets.
