The parties agree to communicate areas of concern as they arise and to address those concerns in a professional manner. - 14.9. Waiver. The failure of either Party to insist upon the strict performance of or compliance with any term, provision or condition of this Contract shall not constitute or be deemed to constitute a waiver or relinquishment of the Parties' right to enforce the same in accordance with this Contract.
- 14.10. No Third-Party Beneficiary. The enforcement of the terms and conditions of this Contract shall be strictly reserved to the Commission and the School. Nothing contained in this Contract shall give or allow any claim or right of action whatsoever by any other person. It is the express intent of the Parties to this Contract that any person receiving services or benefits hereunder shall be deemed an incidental beneficiary only, without enforceable rights against a Party to this Contract.

EXHIBIT B.1.
FINANCIAL PERFORMANCE FRAMEWORK

The Financial Performance Framework is an accountability tool that provides the Commission with data necessary to assess the financial health and viability of charter schools in its portfolio on an ongoing basis and for the purposes of an annual review. The framework summarizes a charter school's current financial health while taking into account the school's financial trends over a period of three years. The measures are designed to be complementary. No single measure gives a full picture of the financial situation of a school. Taken together, however, the measures provide a comprehensive assessment of the school's financial health and viability based on a school's historic trends, near-term financial situation and future viability.

Within each annual reporting period, the Financial Performance Framework provides for an initial review and a follow-up assessment that together produce two ratings: a Preliminary Rating and a Final Rating. The Preliminary Rating indicates whether the school has met the standard for financial viability based on the Commission's initial review of financial information, which, for an annual review, will be drawn from the school's audited financials. The Final Rating documents the Commission's revised assessment based on more current financial information and/or more detailed examination of the school's financial position, as needed.

Preliminary Ratings

The Preliminary Rating is either *Meets Standard* or *Pending Further Analysis*. The *Meets* rating means that the information contained in the financials under review indicates that the school is meeting or exceeding the target for the standard in question. The *Pending* rating means that the school is not meeting the target based on the financials under review. A school that misses the standard on any one measure may or may not be at financial risk. It may be in immediate distress, financially trending negatively, both or neither. There are two types of additional information that the Commission may need before assigning a Final Rating. The first is more current information. When conducting a year-end evaluation of a school's financials, the Commission will be reviewing audit numbers that are typically at least four months old by the time the audit has been finalized. The Commission's further analysis will often include review of current, unaudited, financials. The second is more detailed information about the school's financial position to assess the reasons behind the failure to meet the standard. For example, a school might make a strategic long-term financial decision that results in it missing a standard in the near term. The Commission's follow-up will consider the more current and more detailed information to determine whether the Preliminary Rating is still applicable and the degree to which it is, in fact, an indication of financial risk or distress.

Final Ratings

The Final Rating is either *Meets Standard*, *Does Not Meet Standard* or *Falls Far Below Standard*.

Meets Standard

A *Meets* rating indicates sound financial viability based on the overall financial record. Either the school has already met the standard based on the financials under review, or previous financial concerns that produced a preliminary *Pending* rating have been adequately remedied based on more current financial data or addressed adequately based on additional information such that the Commission concludes that performance against the standard indicates sound financial viability.

Does Not Meet Standard

A *Does Not Meet* rating indicates that upon further review following a preliminary *Pending* rating, the Commission concludes that there is financial risk such that heightened monitoring and/or intervention may be warranted. A *Does Not Meet* rating means that even based on more current financial information, the school is not currently meeting the standard or concerns previously identified, although not currently manifested, have been of a depth or duration that warrants continued attention.

Falls Far Below Standard

A *Falls Far Below* rating indicates that upon further review following a preliminary *Pending* rating, the Commission identifies significant financial risk and has concerns about financial viability such that heightened monitoring and/or intervention are necessary. The school’s rating will be based on both the most recent audited financials and more current unaudited financials. The Commission will also consider any relevant context for the school’s financial position that informs the causes of the school’s substantial shortcomings for the area in question. Appropriate monitoring and/intervention will be determined, in part, by how the rating on the standard in question fits within the school’s overall performance on the framework.

EXHIBIT B.2.
ORGANIZATIONAL PERFORMANCE FRAMEWORK

The purpose of the Organizational Performance Framework is to communicate to the charter school and public the compliance-related standards which the charter school must meet. The Organizational Framework includes the standards that the charter school is already required to meet through state and federal law, rules or the charter contract.

NACSA Principles & Standards (2012) states that,

“A Quality Authorizer implements an accountability system that effectively streamlines federal, state, and local...compliance requirements while protecting schools’ legally entitled autonomy and minimizing schools’ administrative and reporting burdens” (p. 16).

For each measure a school receives one of three ratings.

Exhibit C

Educational Service Provider (ESP) Requirements

Educational Service Provider arrangements sometimes give a third party substantial responsibility for the operation of a charter school and control over the school's finances. While the Commission is not responsible for monitoring that contractual relationship, it does have an obligation to ensure that the School's governing board retains its statutory responsibilities and that the School-service provider relationship will not inhibit the Commission from fulfilling its oversight responsibilities. The following requirements ensure that both the School's governing board and the Commission retain authority to fulfill their legal rights and responsibilities under the Contract and applicable law.

1. The ESP agreement shall be subject to, and shall incorporate by reference, the terms and conditions of the School's Contract.
2. The term of the ESP agreement shall not exceed the term of the School's Contract.
3. No provision of the ESP agreement shall interfere with the School's governing board's duty to exercise its statutory, contractual and fiduciary responsibilities governing the operation of the School. No provision of the ESP agreement shall prohibit the School's governing board from acting as an independent, self-governing public body, or allow decisions to be made other than in compliance with Ch. 302D, HRS.
4. The ESP agreement shall require the ESP to defend, indemnify and hold harmless the State of Hawaii, the Commission and the School, and their officers, employees and agents from and against all liability, loss, damage, cost and expense, including all attorneys' fees, and all claims, suits and demands therefore, arising out of or resulting from the acts or omissions of the ESP or the ESP's employees, officers, agents or subcontractors under the ESP agreement. The ESP agreement shall not require the School to defend, indemnify or hold harmless the ESP. The ESP agreement shall contain insurance and indemnification provisions outlining the coverage the ESP will obtain.
5. The ESP agreement shall describe the specific services for which the ESP is responsible and shall clearly delineate the respective roles and responsibilities of the ESP and the School in the management and operation of the School, including development, approval and oversight of the School's budget; development, approval and oversight of the School's curriculum; and oversight of the ESP's services.
6. The ESP agreement shall expressly provide that the School retains, at all times, ultimate responsibility for the School's budget and curriculum.
7. The ESP agreement shall include procedures by which the ESP will be accountable to the School including expressly addressing how the School will evaluate and hold the ESP accountable in relation to the Performance Frameworks (Exhibit B).
8. The ESP agreement shall be terminable by the School in accordance with its established termination procedures.
 - a) Upon default by the ESP, including without limitation any act or omission of the ESP that causes a default under the School's Contract or that causes the School to be in material violation of applicable law; or
 - b) For other good cause as agreed by the School and the ESP.
9. The ESP agreement shall provide that the financial, educational and student records pertaining to the School are School property and that such records are subject to the provisions of the Uniform

Information Practices Act (Ch. 92F, HRS). All School records shall be physically or electronically available, upon request, at the School's physical facilities. Except as permitted under this Contract and applicable law, no ESP agreement shall restrict access to the School's records by the Commission, the DOE, the Office of the Auditor or other authorized party in compliance with par. 12.3 of the Contract.

10. The ESP agreement shall require that the ESP furnish the School with all information deemed necessary by the School or the Commission for the proper completion of the budget, quarterly reports or financial audits required under the School's Contract.
11. The ESP agreement shall provide that all financial reports provided or prepared by the ESP shall be presented in the format prescribed by the Commission.
12. The ESP agreement shall provide that all employees or contractors of the ESP who work in close proximity with students of the School shall be subject to criminal background check requirements in accordance with par. 10.6 of the Contract.
13. The ESP agreement shall contain provisions requiring compliance with all requirements, terms and conditions established by any federal or State funding source.
14. The ESP agreement shall provide that the School retains responsibility for selecting and hiring the auditor for the independent annual audit required by the School's Contract.
15. If an ESP purchases equipment, materials and supplies using public funds on behalf of or as the agent of the School, the ESP agreement shall provide that such equipment, materials and supplies shall be and remain the property of the School.
16. The ESP agreement shall contain a provision that clearly allocates the respective proprietary rights of the School governing board and the ESP to curriculum or educational materials. At a minimum, the ESP agreement shall provide that the School owns all proprietary rights to curriculum or educational materials that (i) are both directly developed and paid for by the School; or (ii) were developed by the ESP at the direction of the School governing board with School funds dedicated for the specific purpose of developing such curriculum or materials. The ESP agreement may also include a provision that restricts the School's proprietary rights over curriculum or educational materials that are developed by the ESP from School funds or that are not otherwise dedicated for the specific purpose of developing School curriculum or educational materials. The ESP agreement shall recognize that the ESP's educational materials and teaching techniques used by the School are subject to state disclosure laws and the Uniform Information Practices Act.
17. If the School intends to enter into a lease, execute promissory notes or other negotiable instruments, or enter into a lease-purchase agreement or other financing relationships with the ESP, then such agreements shall be separately documented and not be a part of or incorporated into the ESP agreement. Such agreements shall comply with Ch. 37D, HRS, if applicable, and shall be consistent with the School's authority to terminate the ESP agreement and continue operation of the School.
18. The ESP agreement shall provide that Hawaii law governs any legal proceeding arising out of a dispute between the School and the ESP.

EXHIBIT D

INTERVENTION PROTOCOL

In accordance with Sec. 302D-17, HRS, this intervention protocol is established pursuant to the Commission's authority and responsibility to monitor the performance and legal compliance of charter schools in accordance with the charter contract terms and consistent with nationally recognized principles and standards for quality authorizing. It enables the Commission to take timely and appropriate action to notify schools about performance and/or compliance concerns and provide schools a reasonable opportunity to remedy such problems.

1. Upon finding the School's performance or legal compliance unsatisfactory, the Commission shall issue a Notice of Deficiency to the School. The Notice shall state with specificity the deficiency, the applicable regulatory, performance or contractual provision(s) not satisfactorily met, the expected remedy, including whether a Corrective Action Plan is required, and the timeframe by which the Commission expects the deficiency to be remedied or the Corrective Action Plan to be submitted.
2. Upon receiving a Notice of Deficiency, the School may:
 - 1) Contest the Commission's determination that a breach has occurred in which case the School shall provide a written response to the Commission within 10 days of receipt of the Notice and shall provide evidence in support of its position;
 - 2) Remedy the deficiency and provide evidence of such remedy to the Commission within the timeframe identified in the Notice; or
 - 3) Provide a Corrective Action Plan, where required, to the Commission within the timeframe identified in the Notice.

If the School is not able to meet any of the timeframes in 2) and 3) above, the School shall provide a written response to the Commission within 10 days of receipt of the Notice, which shall include a justification for its inability to meet the timeframe(s) together with a proposed timeframe(s).

Corrective Action Plan. A Corrective Action Plan shall include specific actions that the School will take to remedy the violation. The Plan shall include deadlines and responsible person(s) for each action and specific indications of success. The Commission may require the School to provide periodic reports on compliance with the Corrective Action Plan. The School is encouraged to meet and talk with Commission staff to discuss the development of its Corrective Action Plan.

3. If the School contests the Notice of Deficiency, the Commission shall consider the School's evidence and, within 10 days of receipt of the School's response, either: 1) Uphold or amend its finding of a deficiency and reissue the Notice of Deficiency with amended timeframes, or 2) Retract the Notice of Deficiency.

If the School submits a Corrective Action Plan, the Commission shall approve, approve with modifications, or reject the Corrective Action Plan within 15 days of submission of the Plan by the School. If rejected, the School shall have 15 days thereafter to submit an amended Corrective Action Plan. Commission approval of a Corrective Action Plan shall in no way abridge or mitigate the School's ultimate responsibility and accountability for remedying the deficiency and/or the Commission's authority to take additional action in response to the School's failure to remedy the deficiency satisfactorily.

If the School submits a written response on why it is unable to meet the timeframe for remedy or for submission of a Corrective Action Plan identified in the Notice, the Commission shall consider the School's justification and approve, approve with modifications or reject the School's proposed timeframe within 10 days of receipt of the School's written response.

4. The School shall be responsible for notifying the Commission when a deficiency has been remedied, if the School requires an extension of time to remedy a deficiency, or if the School requires a modification to its Corrective Action Plan.
5. The Commission may issue a Notice of Warning to the School under the following conditions:
 - 1) Continued failure to meet performance goals;
 - 2) Repeated failure to comply with applicable law or Contract provisions;
 - 3) Repeated failure to remedy violations, develop approved Corrective Action Plans, or successfully implement Corrective Action Plans;
 - 4) Substantial and serious violation of a material provision of law or Contract provision; or
 - 5) Immediate concern for student or employee health and safety.

A Notice of Warning indicates that revocation proceedings will be initiated if deficiencies are not timely remedied. The Notice of Warning shall state the deficiencies, remedies and timeframe by which the deficiencies shall be remedied. In such Notice, the Commission may require the School to provide periodic reports on progress toward remedying identified deficiencies.

6. If the School does not satisfactorily remedy its deficiencies pursuant to the Notice of Warning, the Commission may initiate revocation proceedings in accordance with Chapter 302D, HRS, and applicable administrative rules.
7. Throughout the intervention process, if the School believes that the Commission has violated any provision of this Contract or disputes the Commission's determination after contesting it and allowing for Commission response, the School may initiate dispute resolution procedures in accordance with par. 14.5 of the Contract.
8. In accordance with Subsection 302D-17(c), HRS, this Intervention Protocol shall not apply in any circumstance in which the Commission determines that a problem or deficiency warrants revocation, in which case established rules, procedures and/or protocols for revocation pursuant to Chapter 302D, HRS, shall apply.
9. Notwithstanding this Intervention Protocol, the Commission may withhold the School's per-pupil allocations in accordance with Subsection 302D-28(f), HRS.
