

Templates from @judgymummy www.judgymummy.com

- Remove absolutely everything from the linen cupboard
- Dust walls and ceiling if necessary
- Wipe cupboards, architraves and door
- Clean lighting (if applicable)
- Vacuum and mop floor
- Discard anything old, damaged, or that hasn't been used in the last 12 months
- Relocate anything that doesn't belong
- Decide on your categories, and store like with like. E.g. towels, blankets, linen (based on size: King, Queen, Single)
- Allocate a dedicated spot for each category
- If you wish to utilise storage solutions, like baskets or boxes, ensure you measure the space first
- Add labels to the shelves (or baskets)
- Fold everything and place in its dedicated spot

Tip: Store items not used often up high
