## **FORWARD**

*At Nanhoron, we started our Hereford pedigree herd in 2006 with a small pedigree herd acquired from Newtown, Mid Wales. We purchased these cows because we had heard of their success in ranched and low cost systems around the world. From this small herd of 15 breeding females, Nanhoron has accrued one of the largest pedigree Hereford herd in the country with over 450 breeding females. The Herefords have been so successful that we are now in a position to release in-calf breeding females for the first time. This is an un-selected sale of pedigree hereford heifers, non-pedigree hereford crosses and original population females.*

*Nanhoron's policy has always been to use the best bulls available and in the pedigrees we have many show winning imported blood lines and ET genetics. Pedigree include the show winner Spurstow 1 Salute, Dendor 1 Equinox – also a show winner, Spurstow 1 Stoutline (an imported ET from Canada), Spurstow 1 Hollywood – also an imported Canadian, to name but a few quality sires.*

*It is our hope to make this an annual sale.*
