Crocodile (Nile crocodile)
Reptilia  Crocodilia  Crocodylidae  Crocodylus
Length: Up to 6 m  Weight: Up to 1 t  Habitat: Rivers, lakes, ponds and marshes in Africa

*Please read the Assembly Instructions carefully before you begin.

Assembly Instructions
1. Carefully cut out the parts.
2. Fold along the dotted lines, making mountain or valley folds as indicated.
3. Attach the glue spots on each part together.
4. Join the parts together to assemble the model.
5. Your Paper craft model is finished.

*Be careful not to press too hard as the paper may tear.

Tools
Scissors, Glue (We recommend craft glue.)

Notation Key

Scissors line  Mountain fold
Cut in line  Valley fold
Glue spot  Glue spot with symbol
Attach the part that matches the symbol on the glue spot.

Caution
Keep scissors and glue away from small children. Be careful not to cut your fingers when using scissors.

*This photo shows a model which uses the optional parts.

How to assemble your model neatly
Scoring along the fold lines in advance with a dried up pen or a ruler with slightly sharp corners will result in a neater model.

*Be careful not to press too hard as the paper may tear.
