To Ms. Louise Arbour  
UN Special Representative for International Migration

**Re Australian Government and IELTS: Crimes against humanity**

Dear Ms. Arbour,

The IELTS consortium has willfully and persistently engaged in academic fraud and extortion to extract billions of dollars (USD) from citizens of developing nations. IELTS is a multi-billion dollars trading empire that maintains offices in around 142 countries.

The Australian Government passively support these crimes as they co-function as a thinly-veiled proxy for Australia's selective immigration regime. These crimes against humanity also injects billions of dollars into Australia's lucrative international education market.

Millions of people who have sat for an IELTS test are citizens of developing nations. Most of these persons are desperate to secure a student or permanent residency visa in a developed nation. This demographic is highly susceptible to ruthless systemic abuse.

Please forward this complaint and evidence to the appropriate officer/s at any agency.

Yours sincerely,

**J. Jericho** D.Soc.Sc *Sydney*

### Executive summary

The vast bulk of the billions of dollars that IELTS earns as revenue is sourced via its lucrative international English language test. IELTS charge *circa* AUD\$330 per test. One test fee equates to *circa* 25% of the average annual income earned by citizens of developing nations such as Cambodia and Bangladesh *etc.* (United Nations, 2017a). IELTS is a bogus charity that inflicts suffering on a mass scale. It does not offer a discount or fee waiver for those who live in a state of “income poverty” as defined by the United Nations (2017b).

IELTS’s application form dictates that candidates must supply the intended use of their language test as a condition of enrolment. Any informed staffer who reads a candidate’s application form may gauge the difference between a pass and fail score.

The more times that a visa applicant fails to reach their target English language score, the more times they need to pay service fees to sit additional IELTS exams.

In recent years the New Zealand Government stripped IELTS of its monopoly status that it had for testing skilled worker and permanent resident applicants.

## INTRODUCTION

Ok, so, IELTS sucks. It's a stupid test that governments use to control immigration. Unfair, I know. However, before we get depressed and off topic, let's understand what IELTS is. Yes, it's a test to determine your English level for visa purposes, of course. Unfortunately, and I feel this is a pity, it's also a business, and if you're anything like me I don't trust big business. Now, if you understand that, understand it's bad business for IELTS if you pass the test the first time. Yes, let me say that again. It's bad business for IELTS if you pass the test the first time. So that causes a few things. One, the sample answers you get from many books and some online blogs will be misleading in terms of structure, key vocabulary and what is needed to understand how to pass this silly test. That's because IELTS wants you take the test again or buy the latest version of their book.

### **IELTS:**

**Non-transparent and subjective scoring system**

**Fact 1: IELTS’s assessment procedures are secretive and lack transparency.**

<b>Discussion</b>	<ul style="list-style-type: none"> <li>• IELTS maintain a set of internal assessment rubrics.</li> <li>• Candidates are never allowed to see examiners’ comments and working notes that relate to their exam content.</li> <li>• Candidates are not permitted to obtain a copy of their assessment content unless they resort to obtaining a court order.</li> </ul>
<b>Potential abuse of this policy</b>	<p>Opportunist rogue examiners that aim to maximize revenue generation at the local branch office level.</p>

**Fact 2: It is not clear if IELTS enforces a blind-marking assessment policy at all stages during the assessment marking and grade finalization processes.**

<b>Discussion</b>	<p>It is not clear if IELTS strictly enforce a blind-marking policy that forbids all examiners and auditing examiners from viewing candidates’ demographic data and prior exam scores at all stages during the examination process and appeals process.</p>
<b>Potential abuse of this policy</b>	<p>An opportunistic rogue examiner may engage in candidate profiling at the branch level to maximize repeat business.</p>

**Fact 3: IELTS’s written and spoken assessment matrixes are exclusively subjective for band scores 1 to 9.**

<b>Discussion</b>	<p>IELTS’s speaking and writing assessments are subjective. Scores awarded may vary by examiner.</p> <p>IELTS can revert much of this content to an objective test but does not do so for reasons unknown.</p>
<b>Potential abuse of this policy</b>	<p>An opportunistic rogue examiner may engage in candidate profiling at the branch level to maximize repeat business.</p>

**Fact 4: IELTS’s assessment rubrics contain dozens of flaws that are easy to fix.**

<b>Issue</b>	<b>Detail</b>										
<b>Support opinion</b>	<p>Uysal, H. (2010), A critical review of the IELTS writing test, <i>ELT Journal</i>, 64(3), 314-320.</p> <p><a href="http://thuvien.ued.udn.vn:8080/dspace/bitstream/TVDHSPDN_123456789/28910/1/ELT_3.pdf#page=70">http://thuvien.ued.udn.vn:8080/dspace/bitstream/TVDHSPDN_123456789/28910/1/ELT_3.pdf#page=70</a></p>

<b>Illustration example</b>	<p>IELTS’s rubrics are near-identical in multiple instances. For example:</p> <table border="1" data-bbox="506 953 1463 1428"> <thead> <tr> <th data-bbox="506 953 699 1031">Score</th> <th data-bbox="699 953 1463 1031">IELTS TASK 1 Writing band descriptors</th> </tr> </thead> <tbody> <tr> <td data-bbox="506 1031 699 1129">9</td> <td data-bbox="699 1031 1463 1129">Fully satisfies all the requirements of the task.</td> </tr> <tr> <td data-bbox="506 1129 699 1228">8</td> <td data-bbox="699 1129 1463 1228">Covers all requirements of the task sufficiently.</td> </tr> <tr> <td data-bbox="506 1228 699 1327">7</td> <td data-bbox="699 1228 1463 1327">Covers the requirements of the task.</td> </tr> <tr> <td data-bbox="506 1327 699 1428">6</td> <td data-bbox="699 1327 1463 1428">Addresses the requirements of the task.</td> </tr> </tbody> </table> <p>Text in this table is cited <i>verbatim</i> from IELTS’s assessment rubric.</p>	Score	IELTS TASK 1 Writing band descriptors	9	Fully satisfies all the requirements of the task.	8	Covers all requirements of the task sufficiently.	7	Covers the requirements of the task.	6	Addresses the requirements of the task.
Score	IELTS TASK 1 Writing band descriptors										
9	Fully satisfies all the requirements of the task.										
8	Covers all requirements of the task sufficiently.										
7	Covers the requirements of the task.										
6	Addresses the requirements of the task.										
<b>Potential dire Outcome</b>	<p>A candidate who has excellent reading, writing, listening and speaking English language skills may receive a marginal ‘fail’ band score for one or more English language skills for no fault of their own. Their score may result from one or more of the numerous design flaws that persist in IELTS’s assessment rubrics.</p>										

**Fact 5: IELTS examiners reserve the right to award a band score of zero to any candidate for written assessments that are ‘perfect answers’ without providing written or verbal justification to the candidate.**

<b>Issue</b>	<b>Detail</b>
<b>Primary evidence</b>	<a href="http://takeielts.britishcouncil.org/sites/default/files/IELTS_task_1_Writing_band_descriptors.pdf">http://takeielts.britishcouncil.org/sites/default/files/IELTS_task_1_Writing_band_descriptors.pdf</a> <a href="https://takeielts.britishcouncil.org/sites/default/files/IELTS_task_2_Writing_band_descriptors.pdf">https://takeielts.britishcouncil.org/sites/default/files/IELTS_task_2_Writing_band_descriptors.pdf</a> <a href="https://www.ieltscanada.ca/pdf/IELTS_Application_Form_2014.pdf">https://www.ieltscanada.ca/pdf/IELTS_Application_Form_2014.pdf</a>

<b>Discussion</b>	<p>IELTS’s application form and assessment rubrics allow examiners <i>carte blanche</i> authority to award a score of zero for any writing task, without providing justification, merely because the examiner suspects that the exam response is memorized. A grade score of zero may be awarded for an answer that is flawless insofar as it fully addresses the set question.</p>
<b>Potential abuse of this policy</b>	<p>An opportunistic rogue examiner may engage in candidate profiling at the branch level to maximize repeat business. A rogue examiner may discriminate against a person due to their age, gender, religion, race, ethnicity, <i>etc.</i></p>

**Fact 6: IELTS reserve the right to cancel any candidate’s examination scores and they may not provide written justification to a candidate to explain the specific reasons why this Test Report Form is cancelled.**

<b>Issue</b>	<b>Detail</b>
<b>Primary evidence</b>	<a href="https://www.ieltscanada.ca/pdf/IELTS_Application_Form_2014.pdf">https://www.ieltscanada.ca/pdf/IELTS_Application_Form_2014.pdf</a>
<b>Original research</b>	<p>“Exposure Draft 8; IELTS’s Flawed Assessment Rubrics: A Focus on Band 6.5 for Speaking and Writing.”</p> <p><a href="http://www.thefreeschool.education/language-tests-review.html">http://www.thefreeschool.education/language-tests-review.html</a></p>
<b>Discussion</b>	<p>IELTS reserve the right to cancel any candidate’s Test Report Form.</p> <p>IELTS require their fee-paying clients to agree to this term as a condition of registration per IELTS’s 8-page application form. There is much anecdotal evidence on the Internet to suggest that IELTS often does not acknowledge or respond to written requests from their fee-paying clients to provide justification for why they have cancelled their test results.</p>
<b>Potential abuse of this policy</b>	<p>An opportunistic rogue examiner may cancel a candidate’s Test Report Form to maximize repeat business.</p>

**Fact 7: IELTS forces candidates to use pencil to answer 80 questions.**

<b>Issue</b>	<b>Detail</b>
<b>Primary evidence</b>	<a href="http://takeielts.britishcouncil.org/prepare-your-test/test-day-advice/listening-test-advice">http://takeielts.britishcouncil.org/prepare-your-test/test-day-advice/listening-test-advice</a>

<b>Discussion</b>	<p>Rogue examiners and administrators have infiltrated IELTS in the past. This has been documented by the police, courts and media. Examples:</p> <p><a href="http://www.thehindu.com/todays-paper/tp-national/tp-andhrapradesh/Agency-Isquonailedrsquo-for-fraud-in-IELTS/article16505230.ece">http://www.thehindu.com/todays-paper/tp-national/tp-andhrapradesh/Agency-Isquonailedrsquo-for-fraud-in-IELTS/article16505230.ece</a></p> <p><a href="http://www.watoday.com.au/wa-news/man-admits-wa-uni-bribe-scam-was-stupid-20110816-1ivtc.html">http://www.watoday.com.au/wa-news/man-admits-wa-uni-bribe-scam-was-stupid-20110816-1ivtc.html</a></p>
<b>Potential abuse of this policy</b>	<p>Rogue examiners may use an eraser to alter a candidate’s test content to maximize revenue at the branch level or in response to bribery.</p>

**Fact 8: IELTS do not provide written assessment feedback to their clients.**

<b>Issue</b>	<b>Detail</b>
<b>Primary evidence</b>	<a href="http://takeielts.britishcouncil.org/find-out-about-results/results-process/test-report-form">http://takeielts.britishcouncil.org/find-out-about-results/results-process/test-report-form</a>

<b>Discussion</b>	IELTS do not provide any written feedback to their clients to justify the score that they have been awarded for their reading, writing, listening and speaking skills.
<b>Potential abuse of this policy</b>	An opportunistic rogue examiner may engage in candidate profiling at the branch level to maximize repeat business.

**Fact 9: IELTS charge a “service fee” of *circa* USD\$175 to aggrieved customers who wish to have their exam results checked and reviewed.**

<b>Issue</b>	<b>Detail</b>
<b>Primary evidence</b>	<a href="http://idpielts.me/results/request-a-re-mark/">http://idpielts.me/results/request-a-re-mark/</a> <a href="https://investors.idp.com/Investor-Centre/?page=Annual-Reports">https://investors.idp.com/Investor-Centre/?page=Annual-Reports</a>

<b>Discussion</b>	<p>Please read Exposure Draft 3. This high fee may unfairly act as a deterrent and undermine justice in the education system.</p>
<b>Potential abuse of this policy</b>	<p>An opportunistic rogue examiner may engage in candidate profiling at the branch level to maximize repeat business. The grade appeal service fee charged by IELTS equates to around 80% of the cost of taking a full exam. This high barrier may discourage test-takers from querying their strange exam results. A candidate who has been defrauded by a rogue examiner may opt to sit a fresh exam if they do not achieve the scores required for a skilled Australian work visa. IDP Australia reports that they earn gross profit of 40% on test services revenue. IELTS may profit from academic appeals.</p>

**I estimate that IELTS earn cash profits from its academic appeals process.**

The British Council and IDP Australia deliver IELTS's testing services. IDP Australia report that they realize 40% gross profit on the revenue that it earns for delivering IELTS's testing services (IDP Australia, 2016, p. 11).

I argue that IELTS's remark process is significantly less costly than the actual testing process which takes place over two days. During the remarking process, IELTS are not required to supervise the candidate and labor is IELTS's largest testing cost.

I estimate that IELTS earn a gross profit of approximately 40% for administering its internal academic appeals process.

I argue that it is grossly unethical for a corporation that delivers a high-stakes English language exam for citizens of developing nations to profit from its grievances process.

**Fact 10: IELTS will not release a candidate’s exam content and examiner’s comments / working notes to their fee-paying clients. The only way that a candidate can confirm the details of IELTS’s ‘behind closed doors’ ultra-secretive examination policy is to obtain a court order.**

<b>Issue</b>	<b>Detail</b>

<b>Discussion</b>	<p>This policy lacks transparency. Most universities in democratic countries allow an aggrieved person who has lodged an official complaint to inspect their exam paper in the presence of management.</p>
<b>Potential abuse of this policy</b>	<p>An opportunistic rogue examiner may engage in candidate profiling at the branch level to maximize repeat business.</p>

**Fact 11: IELTS does not publicize a catalogue of its prior exams.**

<b>Discussion</b>	<p>IELTS release a narrow specimen of prior exam content as practice material. It is unclear which content that is provided as practice material was previously used as official exam content.</p> <p>This secretive policy shields IELTS from independent review and scrutiny by peer educators who are not on IELTS’s payroll.</p>
<b>Potential abuse of this policy</b>	<p>IELTS are barely accountable in the public sense for any gross irregularities in their exam, barring extreme intervention such as an audit inspection from a Government agency such as Consumer Affairs. I am not aware of any cases where a government regulator or court has audited IELTS’s academic standards.</p>

**Fact 12: IELTS’s exam contains dozens of obvious pedagogical design flaws that are relatively easy to fix. IELTS has never rectified the vast bulk of these problems since it finalized its last major academic audit in 2005.**

<b>Discussion</b>	<p>Hundreds of logical design flaws may be found in IELTS’s official exam practice resources. These flaws exist in all language skill test components: reading, writing, listening and speaking.</p>
<b>Potential abuse of this policy</b>	<p>A skilled migrant may not realize their target score of <i>e.g.</i> band 7.0 because they have been distracted or penalized by multiple pedagogical design flaws in the exam content.</p>

**Fact 13: The international English language testing exam is not solely a global English language test – it is an advanced scholastic/aptitude test.**

<b>Discussion</b>	<p>IELTS speaking and writing content tests a persons’ general knowledge on virtually any scholastic topic. IELTS’s hidden curriculum is dominantly Western-centric.</p>
<b>Potential abuse of this policy</b>	<p>Various agents may lobby foreign Governments to adopt the IELTS test as a convenient proxy front to support its restrictive visa issuing policy. Foreign governments may naïvely assume that IELTS is merely an English language test because of the misleading name of this complex scholastic-language aptitude test.</p>

**Figure 1 – An example of IELTS’s hidden curriculum**  
**IELTS’s ‘Listening’ test sets students up to ‘fail’**

**Source: IDP Australia (2017) – official IELTS exam practice resource**

IELTS’s listening test does not measure a person’s ability to interpret audio. Test-takers are required to multi-task their reading, writing (spelling) and listening skills simultaneously. They may be required to interpret discipline-specific diagrams under strict exam conditions. Unlike many/most real-life scenarios, IELTS uses a one-strike system. There is no opportunity to clarify what the speaker on the audio cassette says. It is possible for a candidate who is a native speaker of the English language to score zero for a listening test component because they misheard one key word at the start of the exercise. **Candidates score zero if there is a miniscule spelling mistake in their response.**

**Fact 14: IELTS administers a complex, Western-centric hidden curriculum that is not supported by an adequate syllabus document.**

<b>Discussion</b>	<p>Please refer to the exposure drafts listed in the sub-section partition of this document. For example, IELTS’s writing task 2 tests a person’s general knowledge on a range of topics such as moral philosophy, critical pedagogy, technology and social policy.</p>
<b>Potential abuse of this policy</b>	<p>Various agents may lobby foreign Governments to adopt the IELTS test as a convenient proxy to support its restrictive visa policy. Foreign governments may naïvely assume that IELTS is merely an English language test because of the misleading name of this test.</p>

<b>Discussion</b>	<p>IELTS have not publicly declared that all examiners, including supervising, appeals and audit examiners are shielded from accessing a candidate’s demographic data and prior exam scores.</p>
<b>Potential abuse of this policy</b>	<p>An opportunistic rogue examiner or auditor from IELTS’s Head Office may engage in candidate profiling at the branch level to maximize repeat business.</p>

**Fact 17: IELTS’s strict policy of supplying only one Test Report Form has the consequences of requiring that certain test-takers must inform IELTS which institution/s the candidate plans to send their scores to.**

<b>Issue</b>	<b>Detail</b>
<b>Primary evidence</b>	<a href="http://takeielts.britishcouncil.org/find-out-about-results/results-process/test-report-form">http://takeielts.britishcouncil.org/find-out-about-results/results-process/test-report-form</a>

<b>Discussion</b>	<p>This policy may have a ‘stealth’ effect that forces certain candidates to inform IELTS of the intended use of the TRF, when these candidates have a very strong desire to conceal this information from IELTS.</p> <p>Many people are required to send their original TRF to more than one recipient. At present IELTS will only supply one copy of the original TRF to the test-taker. This contrasts with universities who will supply multiple original copies of a transcript for a small fee.</p>
<b>Potential abuse of this policy</b>	<p>An opportunistic rogue examiner may engage in candidate profiling at the branch level to maximize repeat business.</p>

## **Part 4:**

### **IELTS reputation among certain former clientele**

**Issue 18: The volume and severity of complaints levelled towards IELTS is unprecedented in the modern history of English language testing.**

<p><b>Discussion</b></p>	<p>The number of criticisms directed at IELTS possibly exceed the combined total number of grievances posted online by clients of TOEFL, TOEIC and Pearson.</p>

**Fact 19:** There is a perception among members of the international community that some/all IELTS branches manipulate band scores by awarding candidates in the band 7 range a marginal fail of 0.5 for one skill and do so over multiple tests as a mechanism to maximize repeat sales.

<p><b>Original research</b></p>	<p>The link above (<a href="https://medium.com/@gregortega/my-ielts-vs-pte-experience-8032615d52e3">medium.com</a>) is a good summary of the many grievances among IELTS test-takers that I am exploring. The mark awarded for both skills is subjective and is the easiest to manipulate for profit maximization purposes.</p>

Achieving a band score of 6.5 aligns with the ‘marginal fail’ outcome for many IELTS test-takers. Hundreds of thousands of test-takers must earn maximum bonus points for their English language skills to qualify for a skilled migrant visa for Canada and Australia.

### Comparing skilled migration English language requirements

<b>Country</b>	<b>IELTS 6 and IELTS 6.5</b>	<b>IELTS 7</b>
Canada	4 points for speaking, reading, writing.  Listening scores 4 points for bands 6.0 to 7.0	5 points for speaking, reading and writing.  Listening scores 4 points for band 6.0 to 7.0
Australia	zero bonus points. Applicants must score at least band 6.0 for all four language skills.	10 bonus points if attained for all four language skills.

**Fact 20: IELTS only validate their test scores for two years. After this period, former IELTS customers must purchase new exam service/s. Each test costs *circa* AUD\$330 per attempt.**

Examples:</p> <p><a href="https://www.englishforums.com/English/WhyIeltsScoresValidYears/wqzmx/post.htm">https://www.englishforums.com/English/WhyIeltsScoresValidYears/wqzmx/post.htm</a></p> <p><a href="http://ielts-sucks.blogspot.com/2011/01/ielts-bottom-line.html">http://ielts-sucks.blogspot.com/2011/01/ielts-bottom-line.html</a></p> <p><a href="http://amhornedomd.blogspot.com/2008/04/ielts-money-making-scam.html">http://amhornedomd.blogspot.com/2008/04/ielts-money-making-scam.html</a></p> <p><a href="http://britishexpats.com/forum/immigration-visas-citizenship-australia-32/ielts-hell-588539/">http://britishexpats.com/forum/immigration-visas-citizenship-australia-32/ielts-hell-588539/</a></p> <p><a href="http://melbournecitycouncil.blogspot.com/2011/03/ielts-ripping-0ff-australia.html">http://melbournecitycouncil.blogspot.com/2011/03/ielts-ripping-0ff-australia.html</a></p>
<p><b>Discussion</b></p>	<p>This policy contradicts the services provided by virtually all colleges that validate a candidate’s performance indefinitely and provide copies of original transcripts for a small fee of <i>circa</i> USD\$20 per copy. A person who earns a certificate or degree (<i>e.g.</i> Law, Medicine) may validate this qualification for life to maintain registration. I ask this question of IELTS – if your exam is as rigorous as you publicly claim, why are you not confident that your Test Report Forms can stand the test of time?</p>

## **Annex 1**

### **Language testing sector research: Blackmail and extortion**

**Current research – blackmail, extortion and racketeering in the language tests sector**

<p><b>Issue</b></p>	<p><b>Detail: Global language testing in general</b></p>
<p><b>Modus Operandi</b> <i>e.g.</i> <b>IELTS</b></p>	<p>Potentially any international English language testing agency that:</p> <p>(a) Reserves the right to cancel a candidate’s test report scores without providing written detailed justification for the reasons why they do this AND/OR awards a score of zero for partially/fully correct exam responses and does not provide justification for this score;</p> <p>And</p> <p>(b) Encourages and/or allows the test-taker that has been affected the opportunity to sit for another exam subject to paying a further fee.</p>
<p><b>Original research</b></p>	<p>This project is work in progress:</p> <p><a href="http://www.thefreeschool.education/language-tests-review.html">http://www.thefreeschool.education/language-tests-review.html</a></p> <p><a href="https://www.youtube.com/watch?v=Z_sD0osoI3Y&amp;t=8s">https://www.youtube.com/watch?v=Z_sD0osoI3Y&amp;t=8s</a></p>
<p><b>Discussion</b></p>	<p>I question whether the business practices of certain international English language testing agencies are tantamount to systemic blackmail, extortion and racketeering on a massive global scale. Please bear in mind that most people who apply for a permanent residency visa come from developing countries. They are desperate to secure a better life in a developed nation such as Canada. I call for the Attorney General in all jurisdictions to take legal advice on this practice as a matter of absolute urgency.</p>
