Dear Dr. Jericho:

The Office of the Honourable Jody Wilson-Raybould, Minister of Justice and Attorney General of Canada, has kindly forwarded to the Honourable Ahmed Hussen, Minister of Immigration, Refugees and Citizenship, a copy of your letter of June 5, 2017, with regards to language testing.

IELTS scam is common knowledge among IELTS tutors

INTRODUCTION

Ok, so, IELTS sucks. It's a stupid test that governments use to control immigration. Unfair, I know. However, before we get depressed and off topic, let's understand what IELTS is. Yes, it's a test to determine your English level for visa purposes, of course. Unfortunately, and I feel this is a pity, it's also a business, and if you're anything like me I don't trust big business. Now, if you understand that, understand it's bad business for IELTS if you pass the test the first time. Yes, let me say that again. It's bad business for IELTS if you pass the test the first time. So that causes a few things. One, the sample answers you get from many books and some online blogs will be misleading in terms of structure, key vocabulary and what is needed to understand how to pass this silly test. That's because IELTS wants you take the test again or buy the latest version of their book.

Most people must take two or more **IELTS** tests

IELTS test 1: To earn an international student visa. (This is easier)

IELTS test 2: To qualify for skilled immigration. (This is the **major scam**)

A **very small percentage** of people who take an **IELTS** test to earn a student visa will earn a set of band scores that will also qualify them for immigration. Most of these people who earn such scores will need to take another **IELTS** test after they graduate. **To maximize profits, IELTS** only validate their Test Report Forms for two years. If your application form states that you are taking the IELTS test to earn an immigration visa, **IELTS** will most likely fail you repeatedly (six or more times).

How Canada's international student visa scam works

Canada's colleges and universities set low **IELTS** entry scores for their courses so that they can attract as many full fee-paying international students as possible.

If your **IELTS** application form indicates that you plan to “study at university in Canada”, you are more likely to receive a fair set of examination scores when you take an **IELTS** test. The Canadian Government and **IELTS** are business partners. **IELTS** has a financial interest in seeing that you earn a student visa to study in Canada.

How the scam works: IELTS tests for immigration

The Canadian Government sets **IELTS** scores higher for most Permanent Residency (P.R.) visa applications so that they can deny most international students a P.R. visa. The Canadian Government loves receiving tuition fee money from international students and wants most of these students to leave Canada after they graduate.

If you take an IELTS test for immigration purposes, **IELTS do not view you as their customer. IELTS view Governments as their customers**, especially the Canadian Government which only accepts CELPIP and IELTS tests for immigration.

IDP Education (**IELTS**) repeatedly use examiner fraud to fail most people who take the IELTS exams for immigration purposes. The more times that you fail the IELTS test, the more money that IDP Education earns. Each time you fail the test, IDP Education earns \$330.

Canadian Government is the worst human trafficker

Canada is the most popular destination for skilled migrants from developing nations.

The Canadian Government uses IELTS fraud to profiteer from international students without remorse because they can.

Other countries offer a range of language testing options. Canada's corrupt duopoly system ensures that around 95% of immigrants must use **IELTS**.

IELTS and the Canadian Government are like-minded criminal business partners. CELPIP does not offer true competition to **IELTS**. CELPIP has one testing location outside of Canada/New York City.

The **IELTS** empire trades and defrauds in 142 nations.

IELTS propaganda and crimes \$ target Asians and Arabs

IELTS has mastered the art of propaganda. The University of Sydney prostitutes its iconic Quadrangle to **IELTS**'s marketing team to earn fast easy profits from transnational fraud. **IELTS** grossly exaggerate the popularity of their test. They did not test 3 million satisfied clients in 2016. Rather, they failed around 500,000 skilled migrant monopoly fraud victims around 5 times each.

Judges air concerns about English tests in visa cases

BERNARD LANE

TheAustralian | 12:00AM July 13, 2011

Mr Mohamad had taken 18 IELTS tests. For his visa he needed a score of at least five in each of the speaking, listening, reading and writing components.

He had attained that score in each component -- but never in the one test.

“but never in the one test”

Writing and Speaking are subjective

IELTS's most senior supervising examiners mostly award **fake fail scores** for **writing** and **speaking** as these skills are assessed subjectively. **IELTS** test-takers are never permitted to review their exam content or examiners' working notes. Less than 5% of **IELTS** exam questions are released for public inspection and scrutiny.

IELTS may keep failing you by 0.5 for one skill

Reading	8.5	8.5	8.5	8.5	8.5	8.5
Writing	8.5	6.5	8.5	6.5	8.5	6.5
Listening	8.5	8.5	8.5	8.5	8.5	8.5
Speaking	6.5	8.5	6.5	8.5	6.5	8.5

Many P.R. visa applicants require a score of 7.0 or higher for all language test skills and they need to earn this on the same test taken on the same day. To make sure that you fail many times, IELTS may award you **fake** scores like this. Earning one **6.5** band score = **fail**.

Canada forces you to earn four 7's on the same test

A major component of the Canadian Government's **IELTS** skilled visa policy scam is its requirement that permanent residency visa applicants must earn all minimum **IELTS** band scores **taken on the same test on the same day.**

This policy scam allows **IELTS**, Canada's criminal business partner, to earn billions of dollars by repeatedly failing unsuspecting skilled visa applicants.

This scam is intended to offer **IELTS** test-takers false hope that they are able to eventually earn the minimum scores taken on the same test on the same day. In reality, **IELTS** profile application forms and they secretly identify around 90% of their clients who they will never award pass scores for their **IELTS** tests, for immigration purposes, no matter how well they perform in future tests.

IELTS use extortion and racketeering to earn \$

If you want **IELTS** to check your exam scores to make sure that there is no clerical error, you must pay a “service fee” of *circa* USD\$150:

<http://idpielts.me/results/request-a-re-mark/>

IELTS may cancel your Test Report Form without offering a reason:

<https://www.ielts.org/-/media/pdfs/application-form.ashx>

IELTS may award you a score of zero, even if your answer is perfect:

https://takeielts.britishcouncil.org/sites/default/files/IELTS_task_1_Writing_band_descriptors.pdf

IELTS allow you to pay them another \$330 to sit another test if these criminal policies inconvenience your **vulnerable situation as an immigrant**.

IELTS frequently award scores of zero for no reason

IELTS frequently award band scores of zero for one of two reasons:

- Someone else in the same exam room cheated.
- They suspect you cheated. If your exam scores increase a lot over your prior test, they may suspect that another person sat your exam.

<https://magoosh.com/ielts/why-were-my-ielts-results-withheld/>

IDP Education will not give you a refund or provide you with a specific reason why they failed your entire exam. They will accept another \$330 from you to sit more IELTS exams. **This is criminal fraud.**

IELTS is a flawed, fake English language test

IELTS does not test your English language skills.

IELTS is a complex, deeply flawed aptitude test about Western culture that deliberately **sets most test-takers up to fail to maximize profits.**
