

Have a Haines Hunter Day!

SF725

Designed for all water sport enthusiasts this new addition to the acclaimed Haines Hunter 725 series will tick all the boxes. Be it fishing, water skiing, wake boarding or diving, the SF725 Haines Hunter will cater for the full spectrum of family boating activities. The "freedom" aspect that comes with the soft top alternatives has great appeal with minimal compromise to the functionality of the 725's overnight capacity.

To compliment the time proven design features of this craft, Haines Hunter has set a benchmark in seating comfort. Sit at the helm and you have everything at your finger tips – VHF radio, stereo / I-pod dock, 10" GPS Chartplotter & Sounder, all easy to operate & view. The factory optioned Bimini provides protection from the elements and with the clears removed give one that "freedom" experience we seek on those hot summer days.

All of these features are a reflection of the Haines Hunter boatbuilding / design team – people who use boats in a wide range of boating activities. Boat builders, proud of the company's 66 year history and proud to be part of the Haines Hunter legacy.

Then of course there's the "RIDE". 7.25 metres of that famous 21 degree Haines Hunter pedigree. This boat will exceed your expectations.

HAINES HUNTER™
