

Wuerzburg visits Zagreb

TWIN Germany - Croatia

1st day Sunday

The Arrival of our colleagues from Germany (Wuerzburg) was predicted at 5:00 am. We were very excited to see our guests and make their stay in Zagreb pleasant. In early morning at bus station our welcome committee was waiting. At 13:00 we met with our colleagues in café bar near dorm, and started with the city tour: botanical garden, than we showed old parts of city. At 20:00 we made the **welcome party!** Everybody was satisfied with the choice. We danced, chatted, drank and had fun.

2nd day Monday

We met at 13:00 on the main square and went with our guests into our college botanic garden. Thereafter we made a walk through the most beautiful city park Bundek. In the evening we went in our biggest pub. We all sat down at one long table, drank, bier, talked. Our German colleagues said that our bier was in rank with the German. I hope they did not lie to be polite.

3ed day Tuesday

At 8:30 we went to Plitvice lakes. It is one of the most beautiful Croatian national parks. The weather was beautiful so we truly enjoyed in that unique nature. Our dear guests were amazed with beauty of landscape, lakes, and waterfalls.

Colleague from Germany commented:
This place was like from fairy-tale.

4th day Wednesday

At 9:30 began second excursion. Destination was very known castle Trakošćan. In this very old castle

were made some scenes in movies, which our guests found it amazing. This castle has very interesting museum of middle age weapons. After sightseeing we played volleyball, hanged out and just enjoyed in nature.

In the evening we went to rock bar because one of our colleagues had concert there. He played guitar with his friend, many popular rock songs, created fantastic atmosphere. Staff commented that they did not see this kind of atmosphere long time ago in this club.

5th day Thursday

A charity action: so called *Pancake and Cookies day* which took place at our college.

Our students made and brought cakes, drinks and were making pancakes. These sweets were sold in purpose to get money for one little girl in need. Our guests joined the action by making pancakes and buying sweets. We were whole afternoon at the college: playing cards socialized and were eating huge amounts of sweets. Until night all sweets were gone. It was not so hard assignment to eat all those delicious sweets in charity purpose! In the evening was planed to go out with our guests in a popular bar- it was jazz night.

6th day Friday

Class about illegal substances: One of our professors of pharmacology is working on a project with a hospital in Wuerzburg (what a coincidence!!!) so that went quickly and in a relaxed atmosphere talking about all kinds of effects that illegal drugs can cause... In the afternoon we visited the museum of city Zagreb, where our guest had the opportunity to see the historic exhibitions and learn something more about Zagreb. The last night was crowned with a visit to very classy discotheque. We danced all night long, until morning although we were all tired from long sightseeing and walking in last few days.

7th day Saturday – Last day

Time flew very fast away with them around! We had last lunch together and agreed to see us again at bus station at their departure. It was a bit sad because we became very close with them in last few days. Our colleagues from Germany gave us rose for goodbye, we made last few photos and kissed each other and promised to see again in Germany. It was very emotional. They entered in bus and were waving until we could see them.
