DUMFRIES, VA

SEPTEMBER 2016

On September 27, 2016, Concord Crossroads, LLC [C3R] was awarded a contract with the Millennium Challenge Corporation [MCC], to provide technical and advisory services in support of all aspects of MCC's Continuity of Operations Program Management, including its development, planning, implementation, operations, and evaluation. MCC is an innovative United States foreign aid, Executive Branch Agency that is helping to lead the fight against global poverty.

C3R will provide support to ensure the continuity of operations in accordance with the following federal government initiatives; the National Security Presidential Directive-51 [NSPD-51], the Homeland Security Presidential Directive-20 [HSPD-20], and the National Continuity Policy which have outlined requirements to safeguard that agencies are able to continue performance of Mission Essential Functions [MEFs] and Primary Mission Essential Functions [PMEFs]. These requirements are part of a plan development, including the requirement that all Federal executive branch departments and agencies develop an integrated, overlapping continuity capability.

MCC executes a Continuity of Operations Program as an Executive Branch agency, and it is aimed to ensure the safety of the MCC workforce and the resumption of time-sensitive operations and services in case of a major disruption of emergencies. Concord Crossroads, LLC has been charged to provide technical and advisory services in support of all aspects of MCC's Continuity of Operations Program management, including its development, planning, implementation, operations, and evaluation. With the award of this contract, C3R continues to deepen our expertise in the field of Continuity of Operations Planning.
