PRESENTS

The Quarterly Preview

DECEMBER 29, 2017

2018 is the second year in the first cycle of 9 years in this millennium of limitlessness. The year is a **2** year.

This is the year of Union and Diplomatic Communication. *

2 is the most underestimated number of all the numbers. It is a number of strength and resilience, the power behind the throne.

Your **2** year builds on the lessons from the 2017, "**1**" year. The **1** year asked you to identify the real you bottled inside. and to bring that person out to the world.

The **2** year says it is time to be a good partner to yourself as well as others. Bring the patient, thoughtful understanding of the **2** into all your relationships and communication.

Tarot Card for 2018

The card for 2018 is the **X – Change**

The only unchanging thing in the world is change.

The wheel pictured in the card contains the symbols of the Zodiac in the outer circumference; just inside are the eight Trigrams from the I Ching; further in are the four directions illuminated by lightning; the triangle is pointed up toward the Divine; and the Yin/Yang symbols lies at the center.

Change will happen. It's up to you to see the pattern. When the change happens move to the center of the wheel and relax, this is the safest place to be.

Year of the Brown Earth Dog

Dog is the **11th** sign in Chinese astrology; the element is **Earth**; Chinese lucky colors for 2018 include **Red, Green, Blue** and **Purple**.

The **Dog** is the sign of loyalty and honesty. Dog years are quiet years where loyalty and prudent action is rewarded.

It's a time to be watchful and not take quick action. Be cautious with your money. Avoid too much worry since everything will turn out fine. When things are done they will be done in the most efficient manner. A slower, more cautious year than the bruising fast pace of 2017.
