**To learn more about  
PURA Syndrome visit  
[www.purasyndrome.org](http://www.purasyndrome.org)**

*PURA Syndrome, a neurological disorder, was first described in the medical literature in 2014. In just four short years since its discovery, PURA Syndrome has become the subject of exciting worldwide research efforts through the work of the PURA Syndrome Foundation and the support of our donors. To date, over 300 individuals with PURA Syndrome have been identified worldwide.*
