Professional Co-operants

We warmly welcome Professional Co-operants. In a broad sense, we consider professional co-operants to be an individual over the age of 25, who has completed their undergraduate degree, or holds a certificate (TEFL, vocational etc.). Most commonly, these volunteers include doctors, teachers, nurses, certified English teachers, or former/Extension Peace Corp volunteers. For volunteers offering a skilled service, like a doctor or teacher, we are more flexible with the availability and timing of the volunteer. Please see the diagram below for a full explanation of the Professional Volunteer Application Process.

Required Documents

1. Volunteer Application
2. Updated CV
3. Background check
4. Proof of travel insurance
5. Health Questionnaire
6. Food/Lodging Form
