

SAFETY

Focused on Roofs Installed Safely

Choosing the right roofing contractor can be a tough business decision. Are they experienced? Can they do the job? What's their safety record? When choosing a Local No. 33 Roofing Contractor, your roofing decisions have been simplified. Our safety programs are of the best in the industry. When working at your location, a leak free roof and safety is our number one priority. Our safety programs consist of:

- Developed National Model for OSHA 12 hour ROOF SAFE Training Course
- Job Site Safety Evaluations
- Weekly Toolbox Safety Talks/Seminars
- Safety Fairs
- Drug Free Program

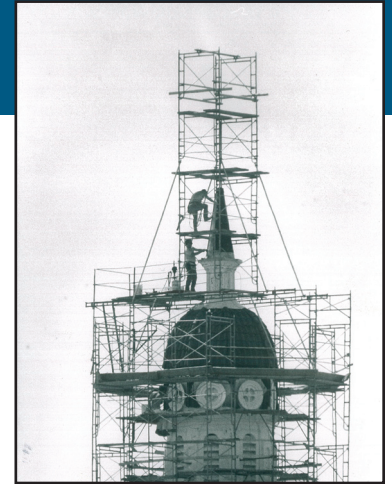

We strive to keep your business safe, dry and implement safety programs that reduce the risk of falls, injury and other roofing hazards. This means that the building owner and manager receive:

- Safe Environment for Building Occupants
- Less Liability for Building Owner/Manager
- Less Work Interruption
- Most Efficient Application

Our Safety Mission Statement:

Roofers Local No. 33 & Joint Roofing
Industry Labor/ Management Committee

Safety Is Our Culture

SAFETY

“In having the highest regard and concern for the health and safety of the workers and safe conditions in the work place, Roofers Union Local No. 33 and the Boston Roofing Contractors Association formed a partnership with the following organizations:”

- The Occupation Safety and Health Administration (OSHA) Region 1
- The Building Trades Employer Association of Eastern MA
- Labor/Management Construction Safety Alliance Inc.
- Titan Roofing Inc. Safety Department
- Roofers and Waterproofers Local Union No. 33's Joint Apprenticeship Committee

“To develop and implement the roofing industry OSHA 12 Hour Outreach Training Program, it is the best roofing safety program I have seen in the industry. There can be no doubt the 12 Hour ROOF SAFE Program has and will continue to save lives, reduce loss time accidents and save dollars.”

David P. Grafton
Grafton Safety Consulting
Former OSHA Compliance Officer Region 1
OSHA Labor/Liaison
Special Assistant to the Regional Administration

EXPERIENCE

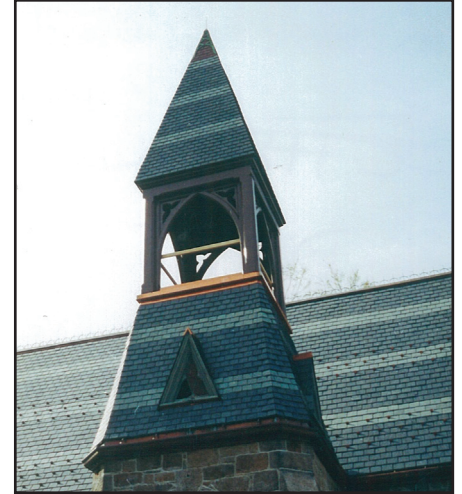

Focused on Experience

Roofers Local No. 33 operates at the highest level of experience in the roofing industry. Our employees are highly trained and install all types of roofing and waterproofing at a performance level rarely found in the construction industry. Here are some of the systems we install:

- Built-up asphalt, coal tar and gravel roofing systems
- Garden and Living Roof Systems
- Modified Bitumen Systems
- PVC/TPO Single Ply Roofing Systems
- EPDM Mechanically Attached, Adhered and Ballasted Systems
- Slate, Tile, Asphalt and Shingle Steep Slope Roofing
- US Department of Energy Star Compliant Roofing Systems
- Damp Proofing and Waterproofing Systems
- Roof Asset Management and Maintenance programs

Labor Management Partnership

The Roofers Union Local No. 33 and the Boston Roofing Contractors Association have been partners in business for generations. Working together has been a significant key to our longevity in the marketplace. By sharing the same successful business philosophy, we have been installing the best performing roofing and waterproofing systems in the industry for over 100 years. Experience that has lasted, roofs that will last.

EXPERIENCE

Our Mission

To provide unparalleled Service, Quality Workmanship and Value, to provide professional contractors and a safe, well trained workforce for all of our clients and business partners.

Our Philosophy

Staying focused on excellence, we are committed to the highest level of professionalism and customer service in the roofing industry. Keeping your business or operation open effectively and efficiently while we are working to keep you dry is our mission, as always. Our roofing professionals are a great decision for keeping your building dry and worry free.

We Focus On One Thing and Do It Exceptionally Well

What sets Local No. 33 apart is our focus. Quality, Value, Service and Excellence in commercial, industrial and residential roofing and waterproofing. Our trade/craft discipline has not changed in over 100 years.

Roofing Done Right

- Generations of experience
- Personal service and relationships
- Real dollar for dollar value
- Cost Effective

We take a proactive approach in resolving all your roofing needs!

YOUR NEEDS

Focused on Each Building's Roofing and Waterproofing Needs

Local No. 33 understands that every building is unique and can have different roofing and waterproofing needs. We offer services from new construction, to old deteriorated roof or waterproofing removal, maintenance and repair services, to waterproofing the basement or plaza. We provide coordination with owner, developers and general contractors.

Focused on Trust and Integrity

Our reputations are built on over 100 years of professional commitment to maintaining the highest ethical and professional standards. We operate with the utmost integrity in all we do. We conduct ourselves as if we are part of your operation.

Focused on Real Value

In terms of real value, there can be a big difference in what some roofing and waterproofing contractors can offer and what it is worth. While Local No. 33 is committed to competitive prices, we set our installation and service standards high and still meet budgetary constraints. Initial installed cost isn't always the best measure of value. Long term life-cycle costing and Roof Asset Management Programs means your roofing and waterproofing dollar goes farther. Using our contractors means an educated safe workforce that provides quality and value over the long haul.

EDUCATION, TRAINING AND SERVICE

Focused on Training and Technology

Local No. 33 is committed to staying at the forefront of Roofing Industry education and knowledge for safety and productivity. To meet today's roofing environmental demands, our state-of-the art nationally recognized Roofers Joint Apprenticeship Training Center trains the men and women who work on your roof. Continuing education for our workers is a high priority. Local No. 33 employs the best and safest roofers, many who have certifications important to your building needs:

- Certified Roofing Torch Applicators
- Certified Asbestos Removal Workers
- Certified CPR/First Aid Employees
- Certified OSHA 12 and 30 Hour Employees
- City of Boston Scaffold Compliant Employees
- Three Years of US Department of Labor
- Certified Apprenticeship Education and Training
- Energy Conservation/Energy Efficiency Training

Focused on Customer Service

Local No. 33 members treat your building with the same dedication and passion as their own. Our roofing philosophy is hands on and personally focused on your particular situational needs. We are dedicated to building and maintaining long term relationships with our customers. This means honoring our word and delivering what we promise on time and on budget. As fully insured, licensed and bonded roofing contractors, your risk is minimized. And, like you, we won't settle for anything less than the best.

ROOFERS LOCAL No. 33

“What cannot be measured is the camaraderie and the friendships of the people fighting for a common cause: the building of America’s future. That’s what military life is all about, and it’s the reason these jobs feel just like coming home.”

—Major General Matthew P. Caulfield,
USMC(Ret)
Helmets to Hardhats Executive Director

Local No. 33 is a proud and committed sponsor to the National Building and Construction Trades–Helmets to Hardhats Program. Military service personnel that are retuning from active duty can register with the Helmets to Hardhats Program and receive a direct/priority entry and enrollment into the Roofers Local No. 33’s Apprentice Training Program. They will also receive immediate employment referrals, comprehensive health & welfare benefits and pension benefits. Local No. 33 also provides full USERRA benefits for members that are retuning from military service.

Educational Funding

The apprenticeship programs we recommend to candidates are high quality, well-resourced training centers and projects. With many apprenticeship programs, you can utilize the Montgomery G.I. Bill or various state, National Guard or Reserve educational funding. Rates will vary depending on type of service, trade program and length of training. Formore information visit <http://www.gibill.va.gov>.

Apprenticeship

Most candidates will enter an apprenticeship program thatlasts around four years. During that time, you will be paid tobecome an expert in your trade, taking classes and going towork at job sites. You will also receive a great benefits plan.While working, your average wage will be around half of ajourneyman’s wage, with regular increases.

Best Benefits

Helmets to Hardhats works only with trade organizations andindustry contractors who provide the best benefits in themarketplace. If you stick with it, you will be entitled to afuture with high pay, great medical insurance and rewardingpension plans.
