BUILD 2018 **SCHOOL** **PROJECT**

Government program for the construction and renovation of schools, calculated up to 2025 year, will allocate huge funds for its implementation. Build School Project competition, which is held within the framework of The 2nd International exhibition «Build School» is aimed to ensure the speedy implementation of the best architectural projects of pre-school and school buildings.

«Architecture is critical to foster the child's development», – claimed Deputy Prime Minister for social affairs of the Russian Federation Olga Golodets during the exhibition opening ceremony. The first competition of realized and unrealized projects of pre-school and school buildings in 2017 became the most large-scale in Russia so far. That proves the demand for new architectural solutions to creating a quality learning environment.

The simultaneous holding of the competition and the exhibition will create conditions for the professional dialogue between designers, builders and investors. The participation of the official delegations from federal and regional relevant ministries and departments will promote the spread of the best practices in the design, construction and implementation of modern technologies in the mass construction of pre-school and school buildings throughout Russia.

Organizers:

the Union of Architects of Russia and the Union of Moscow Architects.

Exhibition official support:

the Ministry of Construction, Housing and Utilities of the Russian Federation, the Ministry of Education and Science of the Russian Federation, Analytical Center for the Government of the Russian Federation, Complex of urban policy and city building of Moscow, Moscow Committee for Architecture and Urban Development, JSC Research Center of Construction and Russian Academy of Architecture and Construction Sciences.

Goals of the competition:

- Identify the best projects of kindergartens and schools, meeting modern requirements for educational institutions;
- Exchange of domestic and international experience;
- Support the implementation of the federal program for construction and reconstruction of school buildings;
- Promote the realization of the best projects of pre-school and school buildings;
- Promote the development of the business in the field of construction and producing goods and materials for social infrastructure for children.

We invite to participate: Russian and international author's collectives and studios, architects and designers, students, constructors, building companies, development and investment companies.

Sections:

«Realized projects» and «Unrealized projects».

Subjects:

New construction, reconstruction, modernization, adaptive reuse projects.

Nominations in each section:

1. The best space-planning solution for new construction project
2. The best solution for modernization of existing building
3. The best solution for interior design, building details and elements
4. The best architectural project for reuse
5. The best solution for the territory planning and landscaping

To be presented:

standard and individual realized and unrealized projects of preschool and school buildings – kindergartens, comprehensive and profile schools, specialized schools, for children with disabilities, sport, music, art schools, blocks of primary classes, school annexes etc.

Projects could be supplied by the authors, investors, construction and development companies, manufacturers of building and finishing materials and equipment.
Review competition is conducted in 1 stage.

**Deadline for submission of application:
until 1st of August 2018**

**Deadline for submission of works:
until 7th of August** (included).

Exhibition of competitive projects:

Exhibition of competitive projects:

Moscow, September 25–27, IEC “Expocentre”, in the pavilion No 5 during the open days of The 2nd International exhibition «Build School 2018». Best projects will be presented at the XXVI International Festival of Architecture «Zodchestvo 2018» in Moscow.

Awarding of laureates: 26th of September in the IEC “Expocentre”, pavilion No 5.

Awards

The winners of the "Build School Project" competition are awarded with commemorative diplomas and prizes of the Union of Architects of Russia and the Union of Moscow Architects. Gold, Silver and Bronze Diplomas, as decided by the jury. Diplomas are awarded in sections «Realized projects» and «Unrealized projects»:

The Grand Prix – winner in the section «Realized projects».

- Gold diploma
- Silver diploma
- Bronze diploma

The partners of the competition have the opportunity to award their own prizes.

For participation in review competition please send the required information on the mail info@buildschool.ru:

- Application for participation and the Annex for application;
- Exposition materials;
- A short annotation to the project with description of the object - 1 page (A4 format) in a separate file in doc, docx, including the technical and economic parameters of the object: the capacity (number of students), the total area of the building, the area of the site, the cost of construction (for realization).

Exposition materials should include:

- An information field (leave on the top of the tablet «blank» band of 15 cm high, it is filled out by the organizer of review contest based on the application of the participant);
 - General view of the object (real life photo or three-dimensional image);
 - Graphical projections (situational plan, floor plans, facades, elevations, sections etc), the most fully revealing the main idea (at the discretion of the author).
- Materials for the exhibition are printed by the organizers of the competition.

Requirements for the submitted materials:

- exposition materials are presented in electronic form — graphic file in TIF size of 95x140 (h) cm with resolution 150 dpi;
- exposition for one work is at least 2 tablets sized 95x140 cm, vertical disposition.

Registration fee

Registration fee for participation in the competition – 400 euro for 2 tablets, 150 for each subsequent tablet.

Includes: printout of competitive works on tablets, publication in the catalog (1 page A4), organization of the exposition in IEC “Expocentre”, rent of the exhibition constructions, posting information on websites of the Union of Architects of Russia, the Union of Moscow architects, exhibition's website and on the partners' informational resources.

Payment is due before August 1, 2018. After receiving the notification of payment, the work is included in the list of participants of the competition.

Publication of advertising in the catalog (optional): 1 page – 500 euro.

Printed competition works are property of the organizers and could be used at their discretion, including for traveling exhibitions in the regions of the Russian Federation and abroad, for publication in mass media etc.

Application form

Full name of the payer organization or full name of an individual
