

EERS IS NAMED A 2017 GOLD EDISON AWARD WINNER

EERS Wins at New York Ceremony; Awards Celebrate 30 Years of Honoring Innovators and Innovation

New York, NY – April 21, 2017 – The Edison Awards, celebrating 30 years of honoring the best in innovation and excellence in the development of new products and services, announced today that EERS was voted a Gold Winner for innovation in Voice and Hearing Technology Category at the April 20th event at The Capitale in New York City. Hundreds of senior executives from some of the world's most recognized companies to acknowledge the hard work and commitment of all the 2017 Edison Award winners.

Being recognized with an Edison Award has become one of the highest accolades a company can receive in the name of innovation and business. The awards are named after Thomas Alva Edison (1847-1931) whose inventions, new product development methods and innovative achievements literally changed the world, garnered him 1,093 U.S. patents, and made him a household name around the world.

“Our judges recognized EERS as a true innovator out of the many products in its category,” said Frank Bonafilia, executive director of the Edison Awards.

The ballot of nominees for the Edison Awards™ was judged by a panel of more than 3,000 leading business executives including past award winners, academics and leaders in the fields of product development, design, engineering, science and medical.

About EERS Inc.

Founded in Montreal in 2015, EERS develops, in collaboration with ÉTS, state-of-the-art devices that protect the hearing health of workers. The new hearing protection has integrated unique communication and monitoring technology. EERS has developed and validated its technology over the past 10 years and has obtained more than 20 patents.

About the Edison Awards™

The Edison Awards is a program conducted by Edison Universe, a non-profit, 501(c)(3) organization dedicated to fostering future innovators. The Awards have been recognizing and honoring the best in innovations and innovators since 1987. They honor game-changing innovations that are at the forefront of new product and service development, marketing and human-centered design, and are one of the highest accolades a company can receive in the name of successful innovation.
