

VALUE 98

IDEAL HOME OR INVESTMENT...

We have completed an extensive design review of our most successful 3-bedroom portable home and are delighted to announce the Value 98 delivered to site within 30kms of Christchurch for \$189,000.00 GST Inclusive including fixed specifications, excluding pile foundations and site establishment costs.

The Value 98 offers a range of features including open plan kitchen with breakfast bar, Stainless Steel appliances, underfloor insulation, double glazing, quality floor coverings. Suitable for very high wind and 2.6 kPa snow zones.

This competitively priced portable home is ideally suited for replacing earthquake damaged homes and will also appeal to first home buyers, property investors and business owners providing staff accommodation.

We invite prospective purchasers to register their interest
