Fly & Arbor Presses

The Range of Presses

- Standard - Evenly proportioned throat, depth & height
- Deep Throat - Increased centre to back dimension for accommodating wide jobs
- Tall - Increased base to guide height
- Bar - Uses a narrow bar rather than a traditional base plate
- Arbor Press - Used when less force is required.

Presses are supplied complete with all components.

Heavy duty stands are available for presses . Special stands can be fabricated to customer design. - ask for more details.

Key Benefits
