

Sing it loud: we're here to make things easy!

We hope you have the best time at your Karaoke event, and we plan on doing everything possible to make it memorable and fun!

Once you have selected your package from infinityeventstudio.com/karaoke and completed your reservation, all listed items will be carefully delivered to your selected venue. Your rental includes a touchscreen kiosk which allows your guests to search through more than 30,000 of the latest and most classic songs and select the musical journey your karaoke night will take. It will not include a karaoke DJ, but an attendant will be on call to assist at a moment's notice, and may stay at your event to assist your guests in the process of choosing their music.

In order to keep things safe and fun for you and your guests, the mandatory policies related to your Karaoke rental are stated below:

Microphones don't like moisture or misuse.

- *We will set up in safe, dry venues, and encourage you and your guests not to blow into microphones as any audio equipment can be damaged by moisture.*
- *\$50 will be charged for every dropped microphone.*
- *We are fine with you serving liquor at your venue, however unruly guests and those who show potential to harass others or cause any damage will not be allowed to participate.*
- *All other equipment will be set up safely, and our standard terms and conditions relating to negligence apply.*

Let's make some music together.

Allow us to show you the excitement your guests will feel with a Karaoke experience from Infinity Studio. You'll get everything you want and more! Book online, or add karaoke to one of our superb party packages.

Our team is available 24/7 to assist you! [661.772.7890](tel:661.772.7890) team@infinityeventstudio.com
