

Patriot Day Ceremony

This is a piece of steel I-beam removed from Ground Zero at the site of the World Trade Center. 343 firefighters, 37 Port Authority police officers and 15 EMTs along with over 3,000 people died on 9-11-2001 in New York. It is important that we honor those men and women with this piece of history.

Keynote Speaker

Leah Warren co-founded Patriot Week (September 11-17) at age 10 when she pounded her fist on the table and demanded that there be a new celebration of America. She is an honorary Board member of the Patriot Week Foundation. In addition, she co-produces & co-hosts Patriot Lessons, a community TV show focusing on American history and the themes of Patriot Week. She is currently a Freshman at Wayne State University in the Med-Direct Program with an intended Major in either History or Philosophy.

Patriot Day - A Remembrance

Patriot Day is celebrated each September] 11th in remembrance of those who lost their lives due to terrorist attacks that day in 2001...especially the First Responders who perished trying valiantly to save others.

Let us always remember and express appreciation for all our First Responders who daily sacrifice their lives to serve and save others.

In Memoriam

Orion area First Responders who have passed away in the last year:

David Roberts
