"I'm a Team Leader for a simple reason—I want to support the championing of the sacredness of human life in a way that magnifies the beauty and greatness of God. And it doesn't hurt that I like to run. Being involved in the day is great fun for me and our team!"
~ Jonathan

"It makes me feel good to know that I'm helping raise money for an organization that I wholeheartedly believe in and support what they're doing in the community."
~ Amy
