

WE PRIDE OURSELVES AS LEADERS IN GENE MAPPING

Company Profile

We are a genetic testing company founded in 2009. We emphasize preventive medicine by offering services of cutting edge technology that include practical recommendations and professional advices through genetic and nutritional counseling. Being at the forefront of nutrigenomics, we utilize medical history, genetic information, physical activity, dietary patterns, and nutritional status to craft ideal health solutions for our clients. We are very confident that our biotechnology and customer support system will ensure our clients a new path towards living a healthy and fulfilling life.

Work With Us

We are always open to business opportunities and constantly looking to expand across the globe. So far we have established our Asia branches in various countries which include Singapore, Indonesia, Malaysia and Thailand. Our main headquarter resides in the USA, Arizona. We love for you to work alongside us.

LICENSING OPPORTUNITY

OUR BRAND, YOUR COUNTRY

We adopted a business model of “agent system” to market our products when we first started in 2009. In order to better control pricing and market growth structure, we have decided to grow our own brand around the world using Master and Standard licensing partnership. We know what it takes to adapt our system to different cultures and business climates. We will work with you to grow market presence and revenue because growing your Business is Our Business.

INCOME OPPORTUNITIES

Becoming a Master License Partner means you will be able to take advantage of multiple revenue generating streams of income. Not only will you have the opportunity to make a profit on your pilot location but also from selling licensee and earning ongoing royalties. We make sure you are poised to get the greatest return on your investment.
