FIONA PETRIE

The character of Rosalinda is that of a gay and charming lady confident of her attractiveness and fond of a mild flirtation — as long as it's not too mild! After a two year break, Turston welcomes Fiona's return to play Rosalinda, her last role with this company being Yum Yum in "The Mikado". Last year Fiona sang with the Camerata Opera Company as Amina in "La Sonnambula" and in June of this year took the role of Agathe in "Der Freischutz". Concurrently Fiona's busy schedule still allows for private tutoring and involvement with the School Children's Music Programme.
