Roles in the STUDENT ASSOCIATION that I have applied for but never received

- 2012 Vice President, BUSINESS COMMITTEE
I wrote an application and attended an interview. I just really wanted the opportunity to work together with the president of the Business Committee for a year.
2011 Project Manager, ENTERPRISE DAY
Once again I applied and had an interview. This time I really wanted to use my passion for entrepreneurship as the project manager for the only day at SSE which has a 100% focus on entrepreneurship.

JOBS that I have applied for but never received

Since I signed a contract for an employer in 2013, I have not applied for any jobs since then.

Never heard anything back.

2013 Internship - General Consulate of Sweden

2012 Summer Internship - H&M
Got rejected after final interviews.
2011 Summer job - Swedbank, SEB and Nordea
Never heard anything back.
2011 Summer job - Dalarnas Försäkringsbolag

DREAMS I'VE HAD and lost on the finish line

- 2015 TEDxSSE Student Speaker of the Year - SSE
Worked 10 hours a day for 10 days to create a TedTalk which had been a dream of mine for a long time. Never got to have it at the big event though.
2014 Future Leader of the Year - KPMG
Flew from NYC to Sweden to present for a jury. Flew back three days later without an award.
2012 President of the Student Association - SSE
For three months I was constantly campaigning. I quit my job, failed my classes and wanted it more than anything. And I also got publically humiliated along the way.
2008 JA Company of the Year - JUNIOR ACHIEVEMENT
Worked hard for a year with our dancing school. Never got to compete at the European company competition.
2008 Best Regional Sales Person - JUNIOR ACHIEVEMENT
Once again one of the finalists, but only the winner got a chance to compete on a national level.

OTHER things that I wanted but never got accepted to

- 2012 BCG Academy - Boston Consulting Group
Never got an interview.
2011 NOVA 100
Got rejected and then applied again two years later.
2011 Nobel Banquet Toastmaster
Never heard anything back.

The jobs, projects, scholarships and dreams I've had that are mentioned above, are only a few of the ones I've applied to and wanted really badly. Not mentioning the start-ups I've tried to create or quickly left. But WOW, no words can describe how much I've learned from my experiences. (Especially the failures)
