

Professional Development and Leadership Training

The WCA's philosophy and mission are based on the MarkED National Model Program, which is a professional and leadership-development project for improving the delivery of competency-based education in the classroom.

Participants are committed to their own professional development and to the improvement of classroom instruction through emphasis on learning outcomes, student accountability and responsibility, and increased student involvement in the management of their own learning.

The \$1500 Program Fee Includes:

1. Three days initial in-service training. (June).
2. Fall update for 1st and 2nd year. (BAM).
3. Web based curriculum and class support for two years.
4. Standards Material including Common Formative and Summative Assessments

Who should attend?

All educators are encouraged to attend. In addition to new materials, veteran teachers will walk energized for the subject. New teachers will jump years ahead in classroom management and curriculum development. Notification of acceptance into the program will be by May 15th of the current year.

Registration available by contacting:
bgrabski@osd.wednet.edu

Scholarships available at: www.wadeca.org &
