PALM BEACH PHILANTHROPY TANK

4521 PGA Blvd, #468
Palm Beach Gardens, FL 33418

Developed by Advisors for Philanthropic Impact, Palm Beach Philanthropy Tank provides an opportunity for Palm Beach County 7th-12th grade students to secure mentoring from leaders in the philanthropic community, up to \$15,000 of program funding, and participate in learning workshops led by local experts. The program challenges, empowers and equips young philanthropists to develop and execute high impact and sustainable solutions to social issues confronting our community. It comes full circle when today's Palm Beach Philanthropy Tank students become tomorrow's inspiration and leaders. Generation to generation, our community changes for the better.
