**Health and Human Services organizations once had  
NO voice in our legislative process, now we do and  
WE NEED YOU!**

**If You Don't Advocate For Your Clients, Who Will?**

Never before has it been so crucial for health and human services organizations to be a part of our legislative process. And, never before have YOU had such a great opportunity to let legislators know what you want and need. Together nonprofits and stakeholders can help build a very loud

voice by participating in the Legislative Advocacy Initiative.

For many years, we had no real impact on the legislative process. In the past five years, that has been changing because of our Legislative Advocacy Initiative, which was developed by the Palm Beach County Human Services Coalition and continues in partnership with the Nonprofit Chamber of Palm Beach County. We are being heard and we've had an impact. Our Legislative Delegation has embraced this consensus process. Make advocacy a top priority and join this effort. Your organization can no longer afford not to do so.

Please don't leave what our state's lawmakers do in Tallahassee to chance. Let our county's Legislative Delegation know what we as nonprofits and stakeholders know through an outstanding consensus process.

**FILL OUT THE QUESTIONNAIRE AND SUBMIT IT**

**DEADLINE: SEPTEMBER 8, 2017**
