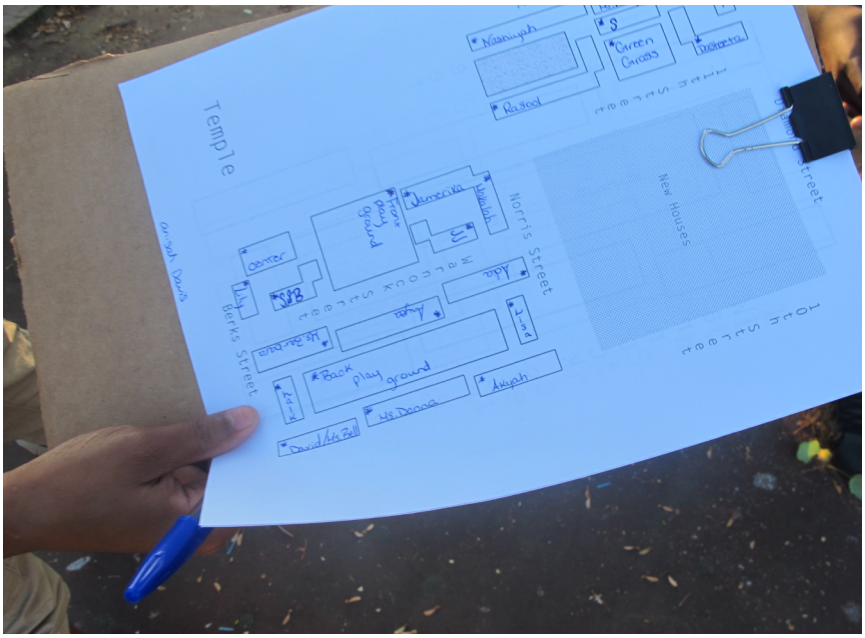
NORRIS HOMES AFTER SCHOOL: WE LOVE NORRIS HOMES!

Newsletter for families FALL 2016

This Fall we've been working with the girls and the boys building from the fun activities we did this summer. The various activities explored things the youth love about Norris Homes. That included making maps of their neighborhood and interviewing their neighbors. This fall they were back out with new maps making note of the people who live in Norris Homes. The children and youth love to use the camera, so for this newsletter, we are featuring some photos taken by them. This fall, the adults working with your child/ren are: Ms. Jennie, Ms. Rebecca, Ms. Andrea & Ms. Alia. We hope to meet you soon!

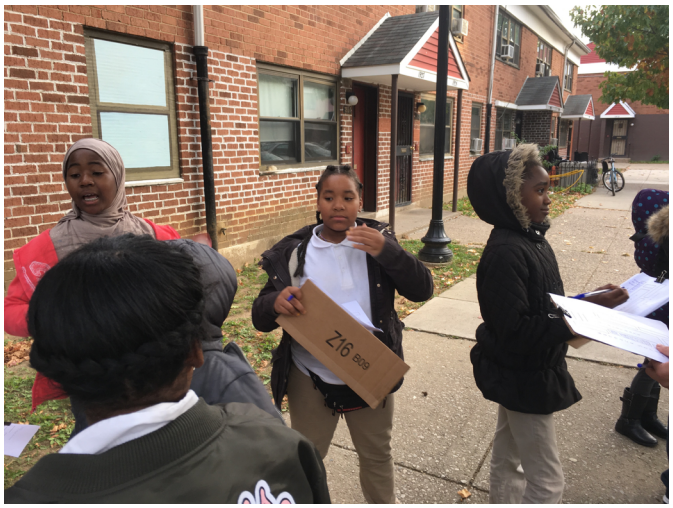


The photos were taken by the youth during our day spent at the park.

NORRIS HOMES AFTER SCHOOL: WE LOVE NORRIS HOMES!

Newsletter for families FALL 2016

On this day, they were making notes on their maps of who lives in the neighborhood and who their neighbors are!



Many of these photos were taken by the boys during one of our afternoons at the Center.
