2017-06-20

Sir,

I have the honour to invite the International Union of Veterans of Nuclear Energy and Industry (IUVNEI) to be represented as an observer at the 61st regular session of the General Conference of the International Atomic Energy Agency (IAEA), which will be held at the Vienna International Centre (VIC) from 18 to 22 September 2017.

As the highest policy-making body of the IAEA, the General Conference brings together high-ranking officials and representatives from Member States, non-Member States and international, as well as regional organizations. The relevant registration procedures are described in the enclosure to this letter.

Let me also take this opportunity to draw your attention to the IAEA Scientific Forum, which will be held on the margins of the 61st General Conference from 19 to 20 September 2017. The theme of this year's Scientific Forum is "Nuclear Technology for Human Health: Prevention, Diagnosis and Treatment". The Forum will feature presentations by leading scientists and experts, followed by interactive discussions between the speakers and the audience to ensure a stimulating and engaging event.

I look forward to welcoming you and your delegation in Vienna this September.

Yours sincerely,

Yukiya Amano
Director General
