

COETF Annual Awards Program Summary

(up to and including 2014)

PART I -- Alphabetically by principal applicant

In this Section, every applicant who has ever applied for a COETF grant is identified, alphabetically by last name. For each application, the following information is then provided:

- (i) Year of Application
- (ii) Amount of Application
- (iii) Award, if given, for that particular application.

Although each application is identified by principal applicant, where there are other individuals co-applying on a particular application, these are cross-referenced to the principal applicant in each case.

Example (i): "Backman, HA" refers the reader to "Baines, HG", the principal name on the application jointly submitted by them in 1984;

Example (ii): Under "Lovasik, JV" the reader will note several different applications: (a) those submitted by Lovasik alone; (b) those submitted by Lovasik as principal applicant, but with a co-applicant (e.g. Woodruff); (c) those for which Lovasik himself was a co-applicant, rather than the principal applicant. In the case of (c), the reader is directed to the principal applicant and year for details.
