December 2017 – Tracker Poll

LucidTalk Tracker Poll (Northern Ireland - NI) Results Report

AN INDEPENDENT LUCIDTALK PROJECT FOR:

GUE/NGL – EUROPEAN UNION LEFT/NORDIC GREEN LEFT

No other parties (political or otherwise) were involved in this project.

This project was carried out by LucidTalk on behalf of the European Union Parliamentary Group the GUE/NGL – EUROPEAN UNION LEFT/NORDIC GREEN LEFT. No other parties (political or otherwise) were involved in this project.

This project has been supported and sponsored by the GUE/NGL. All poll questions have been proposed, promoted, and designed by the GUE/NGL, and LucidTalk advised on the structure and format of the poll-project. NB LucidTalk, with the GUE/NGL, endeavoured to provide neutrality and balance to the poll questions and the poll project structure. The GUE/NGL objectives for this project were to research NI opinions and views based on certain specific scenarios relating to Brexit, and the poll questions are framed with this in mind. Brexit, and how it relates to NI, is a very complex subject, and as such, the reader, and any reviewer analysis of this report, should be carried out in that context, and the reviewer/reader should make their own individual judgements and interpretations of the results.

This report covers all results for the complete poll-survey project – GUE/NGL LT NI Opinion Panel ‘Tracker Poll’ December 2017 Poll: Brexit, Hard/Soft Border, Brexit and the NI Border – Issues to consider?

The report has been compiled by LucidTalk see: www.lucidtalk.co.uk

LUCIDTALK TRACKER POLLS - Introduction and Background

LucidTalk run scheduled regular 'Tracker' polls of their established Northern Ireland online Opinion Panel - usually on a quarterly basis (every three months). The LucidTalk Opinion Panel (now 10,422 members) consists of Northern Ireland residents (age 18+) and is balanced by gender, age-group, area of residence, and community background, in order to be demographically representative of Northern Ireland. This is the base report from the EU Parliamentary Group - GUE/NGL (EUROPEAN UNION LEFT/NORDIC GREEN LEFT) sponsored poll-project (December 2017) – All data and results belong to the GUE/NGL.

For this 'Tracker' poll-project our 10,422 member NI Opinion Panel was targeted, and invited to participate, 3,286 responses were received, and after data auditing to ensure:
(a) 'one person-one vote' responses, and
(b) the collation of a robust, accurate, and balanced representative NI sample,
- 2,079 full responses were recorded and used for analysis in terms of the final results.

Methodology:

Polling was carried out by Belfast based polling and market research company LucidTalk. The project was carried out online for a period of 80 Hours from 1pm 1st December 2017 to 9pm 4th December 2017 (80 Hours). The project targeted the established Northern Ireland (NI) LucidTalk online Opinion Panel (10,422 members) which is balanced by gender, age-group, area of residence, and community background, in order to be demographically representative of Northern Ireland. 3,286 full responses were received, and a data auditing process was carried out to ensure all completed poll-surveys were genuine 'one-person, one-vote' responses, and also to collate a robust and accurate balanced NI representative sample. This resulted in 2,079 responses being considered in terms of the final results - the results presented in this report.

All data results have been weighted by gender and community background to reflect the demographic composition of Northern Ireland resulting in 2,079 responses being considered in terms of the final results. All data results produced are accurate to a margin of error of +/-3.0%, at 95% confidence.

All polls and surveys may be subject to sources of error, including but not limited to, sampling error, coverage error, and measurement error. All reported margins of sampling error include the computed design effects for weighting.

LucidTalk – Professional Credentials

LucidTalk is a member of all recognised professional Polling and Market Research organisations, including the UK Market Research Society (UK-MRS), the British Polling Council (BPC), and ESOMAR (European Society of Market Research organisations). QUESTION 6

NI Opinion Panel Tracker Poll (online) December 2017 - 2,079 Responses (Weighted by Gender and Community - NI representative sample)

In the context of Northern Ireland, and regarding the current Brexit negotiations, which of the following is your preferable outcome? Please rank the following 3 options from 1 = Your most preferable outcome, to 3 = Your least preferable.

1. The whole UK including NI leaves the EU including the EU single market and EU customs union – possibly resulting in a ‘Hard Border’ on the island of Ireland.
2. The UK apart from NI (i.e. Great Britain only) leaves the EU including the EU single market and EU customs union – but NI stays in the EU single market and EU customs union – probably resulting in the current NI border remaining as it currently is.
3. The whole UK including NI leaves the EU but stays in the EU single market and EU customs union.
