**14 March 2018**

**Dear Parent / Guardian**

Markethill High School is about to embark on consultation for its new 3-year School Development Plan, which will outline the vision for school development until the year 2021. We believe that the 2018-2021 timeframe will be one of the most important and exciting in the history of this fine school.

In line with the above, the school has just published a consultation document which outlines the current context and emerging vision for school development in 5 key areas:

- Standards and Outcomes
- Quality of Curriculum
- Planning, Learning, Teaching and Assessment
- Leadership
- Pastoral Care and Safeguarding

The document can be found on the home page of the school's website at [www.markethillhighschool.net](http://www.markethillhighschool.net). An abridged version of the emerging vision can be found in Appendix 1.

As part of the consultation process, Markethill High School would like to initiate a working group comprising of school stakeholders, including parents, to review the emerging vision in detail and give feedback. This working group will most likely meet over 4-5 evenings between April and August 2018. It will involve presentations from key staff on each section, opportunities for questioning and a forum to give the school constructive feedback on its development. We would very much welcome parental engagement through this panel.

Should you wish to participate in this working group, please fill out the form below and return to the General Office by Monday 26<sup>th</sup> March 2018.

**Yours sincerely**

**J. A. Maxwell**  
**Principal**
