

BETTS TOWNSEND
CONSTRUCTION PROJECT MANAGEMENT

CONSTRUCTION PROJECT

MANAGEMENT HAS A NAME IN AFRICA!

Betts Townsend (Pty) Ltd is a leading construction project management consultancy that has been established in the industry since 1995 offering superior construction project management services to an extensive client base.

Our specialised expertise ensures successful completion of projects according to proposed and agreed programmes, often reducing the duration of a traditional construction period.

Our diverse management structure strives to deliver tangible solutions to complex problems enabling Betts Townsend to deliver the best projects on time, within budget and to a quality of the highest standard.

Betts Townsend is currently delivering some of the most prestigious projects in South Africa, from Flag ship schools and football stadiums, to super regional shopping malls and sustainable mining township developments, all within the fabric and understating of our HSEC policy that defines our repeat business reputation.

Betts Townsend's "can be done" attitude has resulted, amongst many accolades, in the reward of the 2008 - 2009 PMR Diamond award for the leading construction project management firm in South Africa, testament to our team's dynamic performance and deliverables on complex solution implementation.

"Betts Townsend - Project Management has a name in Africa."
