Mr. David Webber, President
Mobile Area Council of Engineers
C/O Volkert and Associates, Inc.
P. O. Box 7434
Mobile, AL 36670

Dear Mr. Webber:

On behalf of myself, the faculty and the students of the University of South Alabama College of Engineering, I want to express my sincere thanks to the Mobile Area Council of Engineers for its contributions and leadership in establishing the MACE/Raburn Scholarships to benefit our engineering students. The Mobile Area Council of Engineers is a fantastic supporter of our college and sets the example we use in encouraging others to achieve a similar level of dedication to supporting the USA College of Engineering.

As you know, many of our students work hard to be able to stay in school, and they truly benefit from scholarship support. Equally important is that these scholarships recognize excellence among our students, thus inspiring all of our young men and women to work hard and attain higher standards. I am confident that we will achieve the goal of getting these scholarships endowed. Your contributions that allow us to offer two scholarships each year, even as we work on funding the endowment, make the whole process even more special for our students.

Your generosity is very much appreciated and recognized.

Best personal regards,

A handwritten signature in cursive script that reads "John W. Steadman".

John W. Steadman
