

A CLEAN GETAWAY

Describe how you would wrap the following purchases so customers could easily and safely transport them home. We've done the first one for you.

Sweater

Fold neatly, wrap in tissue paper, and place in bag. This will help keep the sweater clean and prevent it from being snagged by other purchases.

Necklace and a pair of earrings

Set of six glasses

Large wash bucket, detergent, sponges, and rubber gloves

Tapered candles, glass candleholders, and gift card

Bicycle, already assembled

Box of crackers, two cans of soup, bottle of syrup, loaf of bread, and bunch of five bananas

Compare your responses to the suggestions in the back of the Appendix.
