

# Spinner Books™

## Blast from the Past™

### RULES

For 1 or more players!

### OBJECT

Put on your pop culture cap, blast to the past, and be the first player to earn 15 points!

### CATAGORIES

**Fact or Phooey?:** Tell which statement are fact or phooey.

**Hot or Not?:** Put on your hot pants and guess which fads were hot and which fads were *not!*

**Raid Recall:** Test your trivia know-how through decades.

**Order Up!:** Put pivotal events in the order they happened from earliest to latest.

**Hit Parade:** Think vinyl. Think eight-track. Now, get ready to sing some old favorites.

**Dead or Alive?:** Guess who was still talking and who was done walking within the given decade.

### THE WAY TO PLAY

First things first: grab a pen and paper to keep track of your points.

The youngest player is the **Reader** for the first round and may not play until the second round. The **Reader** spins to determine the decade (i.e. '60s, '70s, '80s, or '90s) and reads the first question from that section to the player on his/her left.

*If the player guesses correctly, s/he receives a point for that topic and play continues in a clockwise direction.*

*If the player guesses incorrectly, play continues in a clockwise direction.*

There is no penalty for an incorrect response.

Play continues in a clockwise direction with the **Reader** reading the next player a question from the next category in the block until *all questions on the page* have been asked.

(For example, if there are three players, the first player gets **Fact or Phooey?**, the second player gets **Hot or Not?**, the third gets **Rapid Recall**. Then, the first player gets **Order Up!** And so on ... Got it? Good!).

Don't worry if one player gets the opportunity to answer more than one question-the advantage will shift with each spin!

After all the players have answered a question, the person to the **Reader's** left takes a spin and is now the **Reader** for the next block of questions.

## **WINNING THE GAME**

The first team to collect 15 points is the winner!

## **PLAYING ON YOUR OWN**

Spin, flip to the first page of the round, and read the topic questions from the appropriate section. Don't forget to keep the answer covered with a bookmark!

If you guess correctly, give yourself a point and spin again. If you guess incorrectly, take away a point. If you have no points, simply continue playing.

Collect 20 points in twenty minutes or less and you're a winner!
