

STATE SENATOR

ANDY ZAY

DISTRICT 17

Time to Get Main Street Moving Again

A plan to support and accelerate Indiana's small business community

My plan encompasses six proposals. Four of them would require legislation:

1. **Protect small businesses from COVID-related lawsuits** by enacting liability protection.
2. **Access to capital:** Help Indiana's growing businesses attract more investment by diversifying the focus of the existing venture capital investment tax credit.
3. **Make health coverage more affordable** by authorizing more association health plans, similar to the Farm Bureau legislation passed in the 2020 session.
4. **Exempt Paycheck Protection Program funds from income tax** at the state level, mirroring the federal policy.

The remaining two proposals involve administrative decisions about how to spend Indiana's federal funds from the CARES Act.

5. Use CARES Act funds to continue Indiana's efforts to **expand broadband access** in underserved communities.
6. Use CARES Act funds to create a **revolving loan program** specifically for small businesses.

If you want to sign on to be a part of this plan, or offer me feedback on the proposals, contact me anytime:
