# Introduction

This report has been written to introduce you to the concepts of astrology and how to get started in relationship astrology. Astrology is a study of the connection between planets and life on Earth. It is based on a concept that energy patterns form between other planets and Earth and that these energies affect our lives as individuals and communities. Astrology is a complex and meaningful science which takes years to study and apply successfully; however, we would like to whet your appetite with this report, and encourage you to deepen your understanding through other means.

When using these interpretations, please bear in mind that, inevitably, every chart will contain some contradictory influences, and as a result certain interpretations of different items in the same chart may seem difficult to reconcile. However, this may still be an accurate reflection your chart, as it is likely that you do experience conflicting desires, events and circumstances in your life. Usually it is the responsibility of an astrologer to synthesise these apparent contradictions in order to present a cohesive and realistic interpretation of the dilemmas of the chart. Please also be aware of the fact that each person has positive and negative influences in the chart, and therefore in their lives. The challenge is to accept and overcome the negative influences, so that we can successfully focus on the positive traits. This report outlines the influence of both people's charts on each other. This is called relationship synastry meaning the comparison of two horoscopes and the correlations discovered. It is likely that the report will show both the strengths and weaknesses of the relationship synastry. Any advice given is meant to be an aid to a person taking responsibility for their own lives and their own choices within a relationship. The ultimate decision rests with each individual. The author and publisher accept no liability for any adverse effects of this report.

# Emotional Needs & Style

## Harry's Moon Quincunx Meghan's Neptune Orb 0°58' Applying

Romance is a major theme in a union that involves the Moon and the planet Neptune. With this combination of planets Harry and Meghan both feel that they are meant to be together. Perhaps they believe that it is a union of their souls. This is the height of romantic love. However, with romantic love there is always the possibility of disillusionment. Harry and Meghan are likely to stumble across obstacles in this relationship because of unrealistic and overly idealistic expectations of each other. It is difficult for them to maintain the heights of love first attained at the beginning of the relationship.

Misunderstandings can easily arise. After the first flush of love, Harry may feel that his emotional needs are ignored, and that Meghan does not understand him. Harry may even feel that Meghan is being deceptive in some manner. There is a danger that Meghan does feel the need to hide behind a facade, failing to be her true self. Perhaps Meghan feels that she cannot live up to Harry's expectations? Despair within this relationship needs to be avoided by facing up to any feelings of loss from previous relationships. They need to deal with their problems honestly in order to avoid any breakdown of trust and ultimately, the relationship. In this way, Harry and Meghan may be able recapture their sense of belonging together that was so strong in the initial stages of their union.

## Harry's Moon Conjunction Meghan's Chiron Orb 1°15' Applying

Harry and Meghan have a gentle and loving relationship, which plays a significant role in their lives. They have an intuitive understanding of each other's needs, an empathy that sometimes seems to go beyond the bounds of human understanding. Harry feels that destiny has played a role in attracting Meghan into his life. It is true that Meghan has the capability of sensitively changing Harry's life, helping him satisfy previously unmet emotional needs. Meghan may play a nurturing, healing or teaching role in this relationship. It is likely that Harry feels safe in this relationship. In turn Harry provides Meghan with opportunities to discover new talents, particularly in the fields of teaching, or orthodox or unconventional medicine. This is likely to be a close, intimate relationship that helps both Harry and Meghan weather life's troubles and discover joy.

# Identity and Personal Compatibility

## Harry's Sun Sextile Meghan's Uranus

### Orb 3°06' Applying

This is a relationship full of verve and romance. Harry and Meghan are attracted to each other from the moment that they first meet and continue to experience excitement and joy in each other's company. The relationship brings something new and original into Harry's and Meghan's lives and they both feel enlivened as a result. Life becomes more of an adventure when Harry and Meghan are together. Their relationship may run a somewhat erratic or unorthodox course, but Harry and Meghan are both happy

in the knowledge that theirs is a unique union. Harry is excited by Meghan's creativity, which somehow enhances his personal goals. Meghan helps Harry to see life in a new and different manner, freeing Harry from past inhibitions. Meghan knows that she has encountered someone who truly appreciates her as an individual. Meghan can better express her original thoughts and ideas as a result of her relationship with Harry. Together Harry and Meghan may explore an unusual hobby or pastime such as new technology, metaphysics, science, electronics, humanitarian or environmental concerns.

## Harry's Sun Square Meghan's Neptune

### Orb 0°37' Separating

Romance and love are central themes of this relationship between the Sun and the planet Neptune. This can suggest a romantic liaison in which both people are blessed with a sense of being with the right person at the right time, or it can mean a friendship that is based on a joint artistic project or spiritual interest. Perhaps they enjoy spending time in the natural surroundings of the beach or countryside. Either way Harry and Meghan are likely to enjoy escaping from the harsher realities of life into a world of their own creation. However, problems can arise when Harry and Meghan start to sacrifice their own personal needs for a misguided perception about what is good for the relationship. This behaviour can erode the creative component of the union and both Harry and Meghan may lose their self-confidence and direction in life. It is possible that, together, they may turn to drugs, alcohol or even crime in their attempts to maintain the loosening threads of their union. In particular, Harry needs to be wary of losing his sense of self. It would be easy for Harry to be deceived by Meghan either through his own need to believe in a dream or through Meghan's

behaviour. Meghan needs to be wary of becoming secretive and dishonest within this association. As the relationship develops Meghan may become confused about the true meaning of her bond with Harry leading to a need to hide her true feelings. On a more positive note, Harry and Meghan may have other more positive connections in their relationship astrology that enables them to work through their problems in a loving and compassionate manner.

### **Harry's Sun Trine Meghan's Chiron Orb 0°21' Separating**

This is a life-changing relationship that results in both Harry and Meghan being presented with opportunities to heal past wounds in order that they may live fuller and richer lives. Together they enjoy a sense of liberation that comes from truly loving another person. Meghan is more likely to take the role of teacher or healer, having a significant effect on Harry's life choices. In this role Meghan is also challenged to take a long, hard look at herself before imparting her wisdom. The adage "physician heal thyself" could be a theme for Meghan. In return Harry learns much from Meghan's experiences and insights, perhaps even discovering his true-life purpose. This is true for intimate relationships, and also for student-teacher and patient-healer liaisons. Either way this can be a gentle, loving union based on mutual respect and compassion.

# Intellectual Style & Communication Needs

## Harry's Mercury Conjunction Meghan's Venus Orb 7°55' Applying

The combination of the personal planets of Mercury and Venus is a desirable one for an intimate union, and certainly advantageous to any association which requires harmony and collaboration. Harry and Meghan enjoy each other's company, finding it easy to co-operate and share their experiences. They are compatible. Conversation has an easy flow and pastimes are fun, free of the restraints that sometimes hamper clear communication. Harry and

Meghan share an appreciation of the arts, perhaps even partaking in a joint creative or artistic activity. Discussions are harmonious because Harry and Meghan are so often in agreement, including money. They concur on how money is saved and spent and enjoyed. Harry and Meghan value the intellectual stimulation provided by each other. Harry, in particular, experiences mental inspiration from his association with Meghan. Perhaps Meghan is Harry's muse in some form of the arts. Harry gains confidence in his opinions and ideas as a result of his relationship with Meghan. In return Meghan appreciates Harry's intellect. Meghan feels able to relax within this relationship knowing that Harry encourages rather than criticises her.

## Harry's Jupiter Quincunx Meghan's Mercury Orb 2°01' Applying

This combination of the planets Mercury and Jupiter can indicate a relationship in which both Meghan and Harry are inspired by the meeting of two minds. However, it is important that they show some restraint in their activities. When Meghan and Harry get together they are both eager to discover new worlds. They enjoy broadening their minds through overseas travel or by learning about different cultures in books and study courses. Philosophy, metaphysics and religion are topics of conversation which stimulate and expand their minds. It is also possible that Meghan and Harry pursue activities connected with philanthropic or philosophical ideologies. In moderation this can be beneficial to the relationship. However, there is a tendency towards grandiosity. Both Meghan and Harry encourage each other to greater feats of learning or adventure without realising when it is time to call a halt. This can result in irresponsible behaviour. They also need to be wary of becoming too gullible in their efforts to

follow a personal philosophical belief. It is important that both Meghan and Harry learn to temper their activities.

### **Harry's Pluto Square Meghan's Mercury**

#### **Orb 5°02' Applying**

This is a potentially explosive combination of the planets Mercury and Pluto, with communication playing a key role. The problem is that this combination indicates a battle of two minds. Both Meghan and Harry discover that they trigger forceful emotions and thoughts in each other. At times the intensity becomes overwhelming and they don't know what to do. It is vital that both Meghan and Harry communicate honestly, keeping all emotions and thoughts out in the open as much as is possible. Otherwise their relationship is likely to become volcanic, possibly even abusive as they battle to make themselves understood. They both find it near impossible to simply let matters slide, feeling that they must tackle each other head on. This works well if both Meghan and Harry are able to enjoy penetrating and honest discussions. However, if they don't then one of them, probably Meghan, is likely to suffer. Positively this relationship is transformative. Negatively, it is abusive. The nature of the union depends on Meghan and Harry's personalities and other aspects of their association.

### **Harry's Chiron Sextile Meghan's Mercury**

#### **Orb 2°57' Applying**

Kind and gentle communication is an essential ingredient for success in this relationship. Through considerate interaction Meghan and Harry can develop a warm and loving relationship, whether this be a love union, work association, student and teacher connection or friendship. There is a childlike quality to this liaison, possibly Meghan and Harry share a love of children or enjoy recapturing some of their lost childhood. Through this relationship Meghan learns a vital life lesson, one that furthers her spiritual journey. In some way Harry helps Meghan to let go of intellectual insecurities, paving the way for a more wholesome approach to learning. It is possible that Meghan is a student of Harry's. In return Harry realises new skills, in particular that of communicating information with compassion and empathy.

## Romantic Style & Relationship Values

### Jess's Venus Trine Pete's Uranus - Orb 7°51' Applying

This combination of planets indicates an instant and vital magnetism. It is the type of attraction in which Jess and Pete take one look at each other across a crowded room and feel the sparks. Romance is alight and the relationship develops at a rapid rate. Friends are amazed as the couple's union becomes more and more intense. In the short term this relationship provides fun, excitement and stimulation for both Jess and Pete. The long-term scenario depends on other aspects of their relationship and the ability of both Jess and Pete to respect each other's need for autonomy. It is all too easy for the initial flame to burn out of control. For this reason this combination of planets can be more prominent in

relationships that contain the intrigue of a love affair, rather than the stability of a long-term union. Jess feels particularly struck by Cupid's arrow, ignited by the very presence of Pete. She wants her love to be strong enough to keep the spark of excitement in the relationship. However, Pete is hard to pin down and is likely to become bored once the initial excitement starts to fade unless he is given plenty of room to be independent. It may be difficult for Pete to make a commitment to this relationship unless he is given the freedom to inspire Jess without feeling tied down to promises. A strong bond can be achieved if Jess and Pete can find the right balance between intimacy and personal freedom. If this is achieved then they can both enjoy a long-term relationship full of joy and romance.

# Sexual Compatibility and Conflict

## Harry's Mars Trine Meghan's Sun

### Orb 4°57' Separating

This combination of the Sun and the planet Mars is a positive one for a working partnership that calls for concentrated effort on a joint project. It also ignites a strong sexual spark for a personal relationship, one that continues to flare throughout the union. It is an exciting combination. There is never a dull moment when Meghan and Harry are together. They love and fight with energy. Meghan and Harry are hardworking and energetic, achieving more together than they can on their own. Together Meghan and Harry are able to tackle most of life's challenges with confidence and a positive attitude, taking the initiative, rather than sitting back and waiting for things to happen. Together they also enjoy taking few risks in life, particularly ones that satisfy their sense of adventure. They need only be wary of becoming too impulsive, of taking unnecessary risks that lead to dangerous ground. Meghan feels that Harry provides the impetus and drive to help achieve her full potential. Meghan is aware that her personality also helps Harry achieve his goals. Harry is excited by Meghan's powerful personality and is inspired in his ambitions. This is certainly a progressive relationship that makes an impact on both Meghan and Harry and those around them.

## Harry's Mars Square Meghan's Venus

### Orb 3°48' Separating

This is a strong combination for a love union because it creates an intense sexual attraction. The durability and nature of the relationship depends on other connections between Meghan and Harry. Desire is strong, perhaps too strong at times in this relationship. Meghan and Harry are likely to fall in love at first sight enjoying a passionate union, the type of love affair featured in romance novels. At first both Meghan and Harry enjoy the intense physical nature of the union, but as time goes on the flames seem to burn too strongly. Harry begins to feel possessive and perhaps somewhat obsessive, eager to maintain the force of passion. Meghan feels overwhelmed by the passion of the romance and the force of Harry's nature, and is in danger of becoming repulsed rather than attracted to Harry. As a result the relationship becomes a combat zone. Meghan and Harry start to compete rather than co-operate. The positive side of the relationship is the strong attraction felt by both Meghan and Harry.

However, it is important for both Meghan and Harry to learn to temper their desires in this union. They need to remain focused on co-operation and communication in order to keep an appropriate balance in the partnership. While this combination is often found between marriage or sexual partners, it can also be encountered in friendships or work associations which involve working on an artistic project. However, it is important that both individuals remain focused on the creative project at hand because a sexual flirtation could easily get out of control.

.

# Shared Beliefs and Cultural Values

## Harry's Mars Conjunction

### Meghan's Neptune

#### Orb 5°22' Applying

The glue that holds Harry and Meghan together is a focus on a joint artistic, spiritual or philanthropic cause, a shared idyll of how to make the world a better place. Together they share many dreams of how to improve their lives, their environment and the world at large. They are a creative duo, never short of ideas and with the ability to inspire.

Depending on other aspects of their personalities they may or may not have the stability and endurance to create something concrete. Harry is likely to be the leader, the person with the drive which enables them to achieve these dreams. Meghan is the creative ideas person who inspires Harry. If Harry and Meghan fail to share a common dream, then this relationship is likely to lack direction and Harry and Meghan slowly drift apart. They have difficulty maintaining a momentum necessary for a long-term bond. For this reason this combination of planets may indicate a relationship based on a shared project or past-time rather than an intimate lovers' bond. For instance Harry and Meghan may share a friendship, enjoying martial arts as a shared activity.

## Harry's Jupiter Square Meghan's Moon

### Orb 1°20' Applying

Although there can be some difficulties with this combination, on the whole this is a positive combination. Meghan and Harry enjoy each other's company and feel a certain zest for life when together. Meghan and Harry share a need for fun-filled adventures and the capability of achieving their goals. They both feel that the world is their oyster which is ready to explore together. This can include holidays in far-away places, adventure travel and also encompasses any activity which expands their minds and views of life. This is a meeting of higher-minds. Meghan feels that Harry expands her horizons. Meghan feels safe and appreciated in this relationship. Harry knows that Meghan is a comrade in arms when it comes to fun and adventure. Harry knows that he is truly appreciated for his generosity and optimism. Together Meghan and Harry can conquer the world. Nothing seems too far-fetched. And this is where problems can lie. It is possible that neither Meghan nor Harry know when enough is enough. There is a saying that 'you can have too much of a good thing'. This is one of the underlying problems of this association. Meghan and Harry need to make sure that they do not become too grandiose in their dreams. Overinflated ideas of their capabilities are not helpful and can lead both Meghan and Harry into troubled waters. Another complication can arise if Meghan and Harry do not share the same values, because morals and beliefs play an important role in this

relationship. However, if Meghan and Harry share the same beliefs and can exercise some restraint this can be a positive combination for a long-term relationship.

### **Harry's Jupiter Square Meghan's Jupiter**

#### **Orb 3°06' Applying**

This association can bring joy to both Harry and Meghan, depending on the nature of other aspects of their relationship. If other aspects are positive then Harry and Meghan are likely to enjoy each other's company, giving and taking. Although they may hold opposite beliefs or find pleasure in different ways, they are tolerant of each other's differences. In fact they enjoy the stimulation of each other's differences. Ancient astrologers consider the planet Jupiter to be of beneficial effect in each person's life. Hence the mostly positive influence of this combination on Harry and Meghan's relationship. There is a chance that other tensions in their union adversely affect this beneficial influence. If this is the case then Harry and Meghan are more likely to have differences of opinion over values, beliefs and pastimes. These differences can be a source of tension rather than a source of joy.

### **Harry's Jupiter Square Meghan's Saturn**

#### **Orb 2°17' Applying**

A strong bond is formed as a result of this combination of the planets Jupiter and Saturn, but not necessarily an easy one. Harry and Meghan have difficulty find the right balance between boldness and caution. On the one hand Harry is the risk-taker in this relationship, the person wanting to explore new territories and activities. He is excited by the many possibilities available as a result of this partnership's resources and feels constrained by Meghan. This is because Meghan errs on the side of discretion. She believes that a slow but sure approach is a sure sign of success. Meghan believes in the edict "moderation in all things", whereas Harry espouses the adage "nothing ventured, nothing gained". Neither Harry nor Meghan listen to each other. Both have trouble seeing things from the other person's point of view. This is true of friendships, marriage and work associations. It is possible that Harry and Meghan have met in order to learn something from each other in order to become stronger and wiser for future relationships.

# Commitment, Structure & Boundaries

## Harry's Saturn Square Meghan's Sun Orb 0°50' Separating

Many astrologers believe that a connection between the serious planet Saturn and a personal planet such as the Sun is important, providing the cement for a long-lasting relationship. In other words, a serious planet is needed for a serious, meaningful union such as marriage. It is certainly true that the combination of the Sun and Saturn is found in many meaningful relationships. However, the planet Saturn can also cause problems. Certainly this combination indicates that Meghan and Harry both view this as a serious association, whether it is a marriage, friendship or a working partnership. Both Meghan and Harry are committed to their association. It is likely that they experienced a strong attraction in the initial stages of their relationship. When Meghan and Harry first met they each knew they had discovered a potential serious relationship, one to which they could commit and build on over a lifetime. If they believe in reincarnation, then it is likely that they felt a karmic attraction when they first met. Perhaps this was a moment of recognition when they first looked into the other person's eyes. However, the very qualities, which they seriously considered as attractive in the initial stages of the relationship, can become the source of friction if they are not careful. In particular, Harry needs to be wary of becoming too critical and judgmental. Initially Harry found Meghan's personality traits to be worthy of a committed union. He admired Meghan's qualities as complementing his own. However, it is easy for Harry to forget this attraction. As the relationship develops he feels threatened by the force of Meghan's personality and takes a superior attitude in defence. As a result Meghan feels threatened, disliking the authoritarian side of Harry. If Meghan is not careful her self-confidence is whittled away and the relationship becomes onerous. It is vital that both Meghan and Harry work at developing a stable basis for communication and understanding in this relationship. If both Meghan and Harry work at maintaining their own self-confidence as well as mutual respect then they have the makings for a very successful marriage or working relationship. Much of their success may depend on other supportive, positive connections between them.

## Harry's Saturn Sextile Meghan's Venus Orb 0°17' Applying

The planet Saturn is an important ingredient in any committed relationship. This sombre planet can take away some of the short-term excitement of any union,

but on a positive note it adds commitment and security needed for a long-term association. In other words Meghan and Harry take this relationship seriously. They are devoted to each other and joyful in making promises that they are both able to keep. From the start of their association they enjoy taking their time getting to know each other, experiencing stability and understanding that grows slowly over time. They genuinely love each other and want to work towards a strong partnership. At times Meghan would like more fun and spontaneity, but she appreciates Harry's wisdom in slowing things down in order to build a lasting union. Mutual respect is a central theme to this union. There is also a strong feeling of fate in this relationship. Meghan and Harry may tell a story of how destiny meant for them to be together. While this combination of planets indicates a serious personal relationship, it can also be a positive influence on a partnership formed for the purpose of an artistic or creative project requiring both inspiration and hard work.

### **Harry's Saturn Trine Meghan's Mars**

#### **Orb 1°23' Separating**

Commitment is a central theme to this relationship. Meghan and Harry are striving to build something concrete whether it be a future together or work project. Together they have the strength and wisdom to achieve a shared ambition. This is not a flighty association. Both Meghan and Harry are aiming for a long-term and stable partnership. For this reason the union is likely to involve a contract, perhaps a business or marriage contract. There may also be a strong sense of destiny linked with this union. Meghan contributes the drive and initiative and Harry possesses the stability and practical aptitude. Meghan wants to move forward, inspiring Harry to overcome obstacles that stand in their path. Meghan is full of enthusiasm, whereas Harry is more cautious. At times Meghan pushes Harry forward. At others Harry restrains Meghan, proving that there is wisdom in a slow but sure path. Together they achieve success in their joint enterprises in the long term.

# Need for Excitement, Space & Independence

## **Harry's Uranus Trine Meghan's Sun Orb 2°07' Applying**

This is a relationship full of verve and romance. Meghan and Harry are attracted to each other from the moment that they first meet and continue to experience excitement and joy in each other's company. The relationship brings something new and original into Meghan's and Harry's lives and they both feel enlivened as a result. Life becomes more of an adventure when Meghan and Harry are together. Their relationship may run a somewhat erratic or unorthodox course, but Meghan and Harry are both happy in the knowledge that theirs is a unique union. Meghan is excited by Harry's creativity, which somehow enhances her personal goals. Harry helps Meghan to see life in a new and different manner, freeing Meghan from past inhibitions. Harry knows that he has encountered someone who truly appreciates him as an individual. Harry can better express his original thoughts and ideas as a result of his relationship with Meghan. Together Meghan and Harry may explore an unusual hobby or pastime such as new technology, metaphysics, science, electronics, humanitarian or environmental concerns.

## **Harry's Uranus Trine Meghan's Mercury Orb 4°16' Separating**

This is an exciting and unpredictable relationship. Meghan and Harry enjoy a lively union, whether it be a romance, friendship or work association. They take pleasure in topical conversations, sparking new ideas and ways of thinking. They

may also enjoy taking part in an unusual activity or pursuing an environmental, humanitarian or political cause. This combination of planets indicates intellectual, rather than emotional, stimulation. Consequently this combination may indicate a friendship or work association, rather than a more personal union. However, an intimate relationship with other aspects is enhanced by this combination if both partners enjoy freedom. Meghan and Harry are excited by each other's minds. In particular Meghan realises that Harry sparks her creativity. Both Meghan and Harry enjoy a new-found sense of freedom in each other's company.

### **Harry's Uranus Square Meghan's Venus**

#### **Orb 3°15' Applying**

This combination of planets indicates an instant and vital magnetism. It is the type of attraction in which Meghan and Harry take one look at each other across a crowded room and feel the sparks. Romance is alight and the relationship develops at a rapid rate. Friends are amazed as the couple's union becomes more and more intense. However, it is likely that Meghan and Harry have trouble maintaining the excitement in the long term. As the relationship develops the attraction turns to irritation as the passion wears off. In particular Meghan feels that her love is being rejected as other interests and pursuits distract Harry. At times it is difficult for Harry to maintain his involvement in this relationship without becoming distracted by other creative interests. These may be scientific, astrological, environmental, technological or political. If other aspects of this relationship do indicate a strong bond, it is likely that Meghan and Harry experience friction in areas such as finances, personal hobbies, home comforts and friendships. The challenge for both Meghan and Harry is to find a balance between freedom and intimacy that suits both of them. If this can't be achieved then it is likely that the relationship fails.

### **Harry's Uranus Quincunx Meghan's Mars**

#### **Orb 1°34' Applying**

Sexual attraction plays a key role in this relationship. Meghan and Harry find each other's company exciting both in and out of the bedroom. When Meghan and Harry first meet they experience a thrill. However, it is difficult for Meghan and Harry to maintain the excitement beyond the initial stages of the relationship. An initially challenging union quickly becomes frustrating as both Meghan and Harry try to balance intimacy and independence. Meghan is irritated by Harry's constant need for autonomy and his apparent lack of commitment. At first Meghan finds Harry's independent spirit thrilling and arousing, but she soon becomes threatened and annoyed. Harry grows to dislike Meghan's drive and determination, which he perceives as aggressive and arrogant. The challenge for Meghan and Harry is to allow each other the freedom to follow their individual interests. These moments of separation may help alleviate the growing tension and re-ignite the positive sparks.

# Creative & Spiritual Connections

## Harry's Neptune Square Meghan's Moon

### Orb 6°14' Applying

Romance is a major theme in a union that involves the Moon and the planet Neptune. With this combination of planets Meghan and Harry both feel that they are meant to be together. Perhaps they believe that it is a union of their souls. This is the height of romantic love. However, with romantic love there is always the possibility of disillusionment. Meghan and Harry are likely to stumble across obstacles in this relationship because of unrealistic

and overly idealistic expectations of each other. It is difficult for them to maintain the heights of love first attained at the beginning of the relationship. Misunderstandings can easily arise. After the first flush of love Meghan feels that her emotional needs are being ignored, that Harry does not understand her. It is even possible that Meghan feels that Harry is being deceptive in some manner. There is a danger that Harry does feel the need to hide behind a facade, failing to be his true self. Perhaps Harry feels that he cannot live up to Meghan's expectations. Despair within this relationship needs to be avoided by both Meghan and Harry facing their feelings of loss in previous relationships. They need to face the problems honestly in order to avoid the breakdown of trust and ultimately the relationship. As a result Meghan and Harry may be able to recapture their sense of belonging together which was so strong in the initial stages of their union.

## Harry's Neptune Conjunction Meghan's Neptune

### Orb 6°20' Separating

This planetary combination of Neptune is not a significant one in relationship astrology. It indicates common values, which can help form a basis for a relationship. However, many other combinations of planets will make a more significant contribution to this union between Harry and Meghan.

# Power Dynamics, Undercurrents & Transformative Potential

## Harry's Venus Conjunction Meghan's Pluto Orb 4°08' Applying

Intense emotions are central to this relationship. Harry and Meghan feel a passionate attraction to each other, a compelling need to be together. Sexual magnetism plays an important role in the initial stages of the union and continues, even through times of emotional difficulties. It is also possible that Harry and Meghan share an artistic or creative pursuit about which they are both ardent. Whatever the outlet for the emotions, the

key is intensity. On the whole this combination of the planets Venus and Pluto has a positive influence on any association, but it can be overpowering in some instances. If both Harry and Meghan enjoy intensity then this relationship positively transforms both their lives. Together they embrace the changes that challenge any relationship. If one of them dislikes emotional upheaval, then there are likely to be problems. In particular Harry may feel overwhelmed at times by the force of his own emotions or the power of Meghan's personality. At other times Harry enjoys learning about how to be more influential in his life. Meghan feels more powerful as a result of this union with Harry, more able to achieve her ambitions.

## Harry's Moon Quincunx Meghan's Pluto Orb 0°30' Applying

This is an intense and powerful relationship. Harry and Meghan feel a strong attraction to each other, one that seems to unconsciously draw them together. Harry's and Meghan's deep feelings for each other need to be nurtured in a loving manner in order for the union to be long lasting. However, this can be quite difficult for Harry and Meghan to achieve. It's not that they don't love each other, because they do care very deeply. The problem is that at times their intense emotions seem to erupt from nowhere. In fact the feelings have been simmering under the surface ready to be expressed at any moment. The pressure builds up quickly between Harry and Meghan and before they know it they are embroiled in an emotional drama. Of course this can vary, depending on how Harry and Meghan handle intense feelings. Some individuals thrive on intensity, while others feel threatened and powerless. Harry is likely to feel that

his life has been transformed in some way by Meghan. It's possible that Meghan has changed the way that Harry feels about the world, making him conscious of things that have been bubbling under the surface for a long time. Life is not the same for Harry once he encounters Meghan. He may feel powerless, overwhelmed by Meghan's volatile nature. The key is for Harry is able to see through the explosive behaviour to the true heart of Meghan and to nurture Meghan's goodness. As a result Meghan will deeply appreciate the emotional support offered by Harry. If this does not occur then it is likely that Meghan will feel angry about the constant demands being placed on her by Harry. Meghan will start to withdraw and become isolated, only initiating contact in the relationship when she feels at boiling point. The challenge for Meghan is to maintain a loving attitude and to give Harry time to learn his emotional lessons. This is indeed a passionate personal union and one that needs to be loving, otherwise there is a danger of abuse. This combination can also signify a secret love affair in which intense feelings are indeed in the background. It can also depict an intense working relationship in which power struggles abound, but it is more likely to point to a personal union.

clear commitment to this relationship. Once committed, Meghan would be wise

to ensure that her needs are met. In return Harry needs to develop a sensitive

awareness of Meghan's emotional wounds. This sensitivity will serve him well in
