

# SPTA SETS

For our clients Sherp specialists developed Sets of spare parts which are recommended to have in case of an accident or breakdown for the prompt elimination of their consequences.

## THE FOLLOWING SETS OF SPARE PARTS ARE AVAILABLE:

**SPTA set No. 1 «PORTABLE»** – is a set of necessary consumables and spare parts. «SPTA-1» will be in demand with the regular operation of the all-terrain vehicle, therefore it is recommended to always keep it on board.

**SPTA set No. 2 «FOR THE GARAGE»** – is a recommended set for those cases when the all-terrain vehicle is operated far from service centres.

**SPTA set No. 3 «EXTENDED (SUPERSET)»** – is an extended spare parts set that will be useful with the regular operation of the all-terrain vehicle far from service centres.

**SPTA set No. 4 «DEALER»** – is a set that in addition to the SPTA No. 3 includes an extended set of spare parts, tools and electrical equipment, which will be useful in regular operation and maintenance of all-terrain vehicle in remote areas. The «Dealer» set is recommended for use in Sherp ATV service centres.
