

OVERVIEW

Blue Wolf's 2 inch LED Pod Light is manufactured out of solid 6061-T6 aluminum and designed for general cabin illumination, instrumentation lighting, or cargo bay lighting areas. This small pod light has a very small form factor with a rotating swivel bracket for easy positioning, and the light measures less than 0.630 inches in diameter. This small LED pod light has brilliant illumination utilizing 10 low power LEDs and is designed for illuminating instrumentation, knee boards, and other small working areas.

This Pod Light looks sleek in design while utilizing minimum mounting space with its round profile. It's perfect for any cockpit, boating, ground vehicle, cargo bay area, military land vehicle, or tank that requires unique LED lighting.

DESCRIPTION

Technical Data

- Operating voltage: 28Vdc
- Current: 50 mA@28Vdc
- Operating Temp: -40° to 122° F
- Mass: 1.92 oz.
- Material: Anodized black 6061-T6 Aluminum
- DOD-160 section 8 testing
- MIL-STD 3009 compliant if NVIS White/NVG color option is chosen

Operating Features

- Rotatable swivel bracket for easy positioning
- Low heat output (LED Light)
- Designed and Manufactured in the USA

QUICK SPECS

- 40K Hour Life Span
- 28 Volt
- Versatile Mounting
- Many Color Options
- Wide angle 120° illumination
- 360° rotating swivel bracket
- Black Anodized Aluminum
- Customization available upon request

NVIS White color option allows for easy viewing without "greening out" important indication colors such as "reds" and "yellows"

APPLICATIONS

PART NUMBER:

- BW-A031-NVIS WHITE
- BW-A031-NVG Green
- BW-A031-White
- BW-A031-Red
- BW-A031-IR
