

INNOVATE 4 WATER

Kisumu, Kenya
February 6-7, 2019

Sustainable solutions and innovations for
Urban Water and Sanitation in Kenya

Marketplace Forum

Forum endorsed by

Gold sponsor

Organizers

INNOVATE 4 WATER - KISUMU

In the continuation of the inaugural event in Nairobi in 2018, "Innovate 4 Water" Kisumu will foster collaboration amongst key stakeholders of the WASH East African ecosystem

2 days of matchmaking focusing on water and sanitation, entrepreneurship and sustainable investments.

When

February 6 - 7, 2019

Where

ACACIA HOTEL KISUMU
Achieng' Oneko Rd, Kisumu, Kenya

Who

"Innovate 4 Water" is particularly relevant for:

- Water utilities, technology providers
- Small and Medium Enterprises operating in the water & sanitation sectors
- Multinational companies with interests in the water & sanitation sectors
- Investors (banking, asset management, private banking, foundations, corporate companies)
- Water & sanitation institutions (foundations, coalitions, NGOs)
- International organisations, national governments, development institutions
- Business and innovation incubators
- UN agencies with interest in WASH and IWRM

Why

"Innovate 4 Water" is bringing water and sanitation innovators, investors and other stakeholders together to accelerate innovation and diffusion, supporting sustainable technologies and business models for access to safe water and sanitation.

The design and delivery of *"Innovate 4 Water"* is **unique and effective** because the event is:

- **action oriented**
- **highly curated**
- **business-networking focused**
