

Saltire Fellowship Leadership Development Programme 2017-18

Applications are open for the 2017-18 Saltire Fellowship - Entrepreneurial Scotland's world class leadership development programme

The Saltire Fellowship offers an unrivalled learning experience for your top talent – the people you want to help you scale your organisation.

The Saltire Fellowship provides Scotland with a pipeline of entrepreneurially minded leaders with the confidence and skills to take your organisation to the next level. The programme achieves this by:

Developing Effective Business Leaders

The Saltire Fellowship provides participants with the skills and knowledge they need to realise their full leadership potential and to channel this for the competitive advantage of your organisation.

Providing Hands-on Strategic Learning

The Saltire Fellowship is an exceptional opportunity for participants to step back from daily responsibilities to:

- re-evaluate critical issues
- think beyond their business sector
- enhance strategic thinking capabilities

Offering International Experience

The Saltire Fellowship curriculum is globally focused – providing participants with the opportunity to acquire a more international perspective and to learn through working alongside highly-experienced entrepreneurial leaders, talented peers, our Saltire Fellowship alumni and Entrepreneurial Scotland's global network.

Programme Timeline

“With Catriona coming on board we inherited a talented, capable and hard-working individual who has fitted into our working environment seamlessly. Catriona increased our business capacity at a critical time in our journey.”

Douglas Samuel, Chief Executive at Spartans Community Football Academy

“The fellowship programme on reflection has had significant influence in my development and was exactly the programme I was looking for. The ability to focus fulltime on the programme away from work distractions, remove myself from my current role and learn in a unique environment were key. The mixed backgrounds in the class, the real life business stories of the staff and the opportunity to network in a rare environment all have enhanced the learning experience.”

Gordon Farmer, 2011-12 Fellow, Enrolled by Global Energy Group

Financial Information

Saltire Fellowship programme fees are incredibly competitive when compared against other world class programmes.

The total programme fees are £32,000 and include tuition, accommodation, health insurance, and transports in the US.
